Catalogue Positioning & Responsible Use

A scalable supplier-opportunity catalogue designed for international B2B engagement.

What this catalogue is

CIFACI is presented as an International Center for Business, Trade and Industry Facilitation and as a market access, sourcing, investment and partnership development platform. It communicates product categories, industrial solutions and sourcing interests relevant to CIFACI clients, members, partners and business-development activities.

Responsible communication

This is not a retail price list and does not imply that CIFACI manufactures, owns or directly sells every product listed. Supplier-specific photographs, prices, HS codes, certifications, technical values and production capacities must be inserted only after verification.

IMPORTANT

No confirmed client counts, purchase-order volumes, annual demand, certifications, prices, HS codes, production capacities are invented in this document. Where supplier-specific information is unavailable, the catalogue uses

To be confirmed.

Master Edition Scope

- 25 major sectors covering broad product and industrial supply opportunities.
- 100 representative detailed product or solution opportunities in the master structure.
- Designed to scale beyond 10,000 product references through the hierarchy: Sector -> Industry -> Sub-sector -> Product Category -> Product -> Product Variants.
- Representative imagery is used for communication only. Supplier-specific branding and claims require verification.

ABOUT CIFACI

International Center for Business, Trade and Industry Facilitation

CIFACI is an independent private structure specialized in business facilitation, commercial and industrial support, B2B matchmaking, partner sourcing, supplier sourcing, import-export support, economic mission organization and international partnership development. CIFACI connects entrepreneurs, companies, suppliers, manufacturers, industrial operators, investors, project owners and partners at national and international levels.

CIFACI does not replace chambers of commerce, embassies, public administrations, ministries or competent official institutions. It operates as a private facilitation, advisory, support, matchmaking and partnership development structure.

Institutional clarification:

1

MARKET ACCESS

Connecting suppliers with buyers and markets.

2

SOURCING

Identifying manufacturers and products according to client requirements.

3

B2B MATCHMAKING

Organizing structured meetings between buyers and suppliers.

4

TRADE MISSIONS

Coordinating business delegations and commercial

5

LOGISTICS

Connecting businesses with cargo and logistics partners.

6

BUSINESS DEVELOPMENT

Supporting market entry, growth and long-term partnerships.

Mission, Vision & Values

— OUR MISSION

To facilitate sustainable international business connections, promote trade and industrial cooperation, and support companies in accessing new markets, reliable partners and industrial solutions.

— OUR VISION

To be a trusted international platform for business facilitation, market access, industrial supply, sourcing and investment cooperation.

— OUR VALUES

Integrity • Professionalism • Transparency • Confidentiality • Innovation • Partnership • Reliability • Market relevance

Responsible operating principles

CIFACI acts as a facilitator, business support provider, advisor, professional intermediary or matchmaking structure. Unless specifically agreed in writing, CIFACI has no authority to sign, pay, order, commit or conclude transactions on behalf of the client. CIFACI uses reasonable professional means and does not automatically guarantee a contract, financing, supplier availability, transaction success or a decision by any authority.

CIFACI International Business Network

Connecting supply capabilities with buyers, projects, institutions and commercial partners.

- Importers & Distributors
- Industrial Companies
- Government Agencies
- Project Owners
- Investors
- Trade Associations
- Chambers of Commerce & Industry
- Manufacturers' Associations
- Export Promotion Councils
- Technology Companies
- Logistics & Cargo Partners
- Business Networks

“CIFACI connects qualified international suppliers with identified business opportunities and

Your Products. Our Network. New Markets.

How CIFACI Facilitates Business

1

MARKET ACCESS

Connecting suppliers with potential buyers and markets.

2

SOURCING

Identifying manufacturers and products according to client requirements.

3

B2B MATCHMAKING

Organizing meetings between buyers and suppliers.

4

TRADE MISSIONS

Organizing business delegations and commercial missions.

5

DISTRIBUTION

Facilitating connections with distributors and commercial partners.

6

LOGISTICS

Connecting businesses with logistics and cargo partners.

7

INVESTMENT

Facilitating industrial and commercial investment opportunities.

8

REPRESENTATION

Supporting international companies seeking market representation.

9

BUSINESS DEVELOPMENT

Supporting companies seeking international expansion.

Global Market Opportunities

Products and solutions of interest to CIFACI's international business network.

10,000+

PRODUCT-REFERENCE SCALABILITY

Structured across 25 major sectors and expandable through verified supplier onboarding, category expansion and product variants.

1

BUYER DEMAND

Product categories sought by clients, partners, projects and commercial networks.

2

SUPPLIER OPPORTUNITY

Qualified manufacturers, exporters and technology companies are invited to submit verified capabilities.

3

PARTNERSHIP PATH

CIFACI facilitates introductions, sourcing, distribution, trade missions and market-entry discussions.

Commercial accuracy principle

Exact prices, production capacities, certifications, HS codes, technical values and supplier claims are recorded only after verification. This catalogue uses **To be confirmed** where information is not yet supplier-validated.

Scalable Product Classification Architecture

Designed for 10,000+ products and product references.

Example internal opportunity reference system

CIF-07-SOL-INV-0001 -> Sector 07 / Solar Energy / Inverters / Product reference 0001
Internal CIFACI references are catalogue identifiers only and are not HS codes or manufacturer model numbers.

Product & Industry Catalogue

25 Major Sectors

01  AGRICULTURE & AGRIBUSINESS	02  FOOD & BEVERAGES	03  CONSTRUCTION, BUILDING & BTP	04  CONSTRUCTION MACHINERY	05  INDUSTRIAL MACHINERY &
06  ELECTRICAL & ELECTRONICS	07  SOLAR ENERGY & RENEWABLE ENERGY	08  HEALTHCARE & MEDICAL EQUIPMENT	09  PHARMACEUTICALS & LIFE SCIENCES	10  TEXTILE, APPAREL & FASHION
11  PRINTING, PACKAGING &	12  CHEMICALS & INDUSTRIAL	13  PLASTICS & RUBBER	14  AUTOMOTIVE & AUTO PARTS	15  MINING & MINERAL PROCESSING
16  WATER & ENVIRONMENTAL	17  LOGISTICS, CARGO & SUPPLY CHAIN	18  INFORMATION TECHNOLOGY &	19  REAL ESTATE & INFRASTRUCTURE	20  HOSPITALITY & TOURISM
21  FURNITURE & INTERIOR SOLUTIONS	22  SECURITY & SAFETY EQUIPMENT	23  EDUCATION & TRAINING EQUIPMENT	24  BEAUTY, COSMETICS & PERSONAL CARE	25  OIL, GAS & ENERGY INDUSTRY

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying these product categories to international markets.

SECTOR 01

AGRICULTURE & AGRIBUSINESS

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Agricultural machinery	Tractors	Harvesting equipment
Irrigation systems	Greenhouse equipment	Seeds
Fertilizers	Agricultural inputs	Animal feed
Livestock equipment	Poultry equipment	Dairy equipment
Farm tools	Agricultural processing equipment	Food processing machinery
Grain processing	Rice processing	Flour mills
Oil processing	Fruit processing	Vegetable processing
Cold storage	Agricultural packaging	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-01-0001

Agricultural Tractor

Agricultural Machinery • AGRICULTURE & AGRIBUSINESS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Power unit for mechanized farming, land preparation, cultivation, haulage and implement operation.

MAIN APPLICATIONS Land preparation; cultivation; transport; implement operation	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Engine power; drive configuration; transmission; hydraulic capacity; PTO; tyre specification - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS 2WD / 4WD / application-specific configurations - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Agriculture & Agribusiness	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-01-0002

Drip Irrigation System

Irrigation Systems • AGRICULTURE & AGRIBUSINESS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Water-efficient irrigation solution for farms, plantations, greenhouses and horticulture projects.

MAIN APPLICATIONS

Crop irrigation; horticulture; greenhouse production; plantation projects

TECHNICAL SPECIFICATIONS

Flow rate; filtration; pressure; pipe dimensions; emitter spacing; automation level - To be confirmed

AVAILABLE VARIANTS

Manual / semi-automatic / automated systems - To be confirmed

TYPICAL MATERIALS

Supplier to declare verified material composition, grades and applicable standards - To be confirmed

PACKAGING / UNIT

Export packaging, unit configuration and labelling - To be confirmed by supplier

POTENTIAL BUYER

Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product

TARGET INDUSTRY

Agriculture & Agribusiness

POSSIBLE EXPORT MARKETS

Africa and other international markets, subject to buyer requirements and applicable regulations

MANUFACTURER / SUPPLIER TYPE

Manufacturer / exporter / authorised distributor / technology provider - To be confirmed

OEM AVAILABLE

To be confirmed

PRIVATE LABEL

To be confirmed

MINIMUM ORDER QUANTITY

To be confirmed

CERTIFICATIONS

Only verified certificates accepted - To be confirmed

HS CODE

To be confirmed after exact product and specification validation

ORIGIN

To be confirmed

PRICE

Upon request / To be confirmed

SUPPLY CAPACITY

To be confirmed

CIFACI SUPPLIER OPPORTUNITY

YES

CIF-01-0003

Rice Milling Line

Rice Processing • AGRICULTURE & AGRIBUSINESS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Integrated or modular processing line for cleaning, husking, whitening, grading and packing rice.

MAIN APPLICATIONS Rice processing; agro-industrial plants; cooperatives; commercial mills	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Input capacity; recovery rate; power requirement; line configuration; automation - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Compact / modular / industrial lines - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Agriculture & Agribusiness	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-01-0004

Cold Storage System

Cold Storage • AGRICULTURE & AGRIBUSINESS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Temperature-controlled storage solution for agricultural produce, food distribution and cold-chain operations.

MAIN APPLICATIONS Fresh produce storage; dairy; meat; frozen food; logistics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Storage volume; temperature range; refrigerant; insulation; control system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Chiller / freezer / modular cold room - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Agriculture & Agribusiness	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 02

FOOD & BEVERAGES

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Rice	Wheat	Maize
Pulses	Flour	Sugar
Salt	Spices	Tea
Coffee	Cocoa	Oils
Sauces	Biscuits	Pasta
Canned food	Frozen food	Dairy products
Beverages	Juices	Bottled water
Confectionery	Snacks	Bakery products
Food ingredients	Food additives	

SUPPLIER OPPORTUNITY

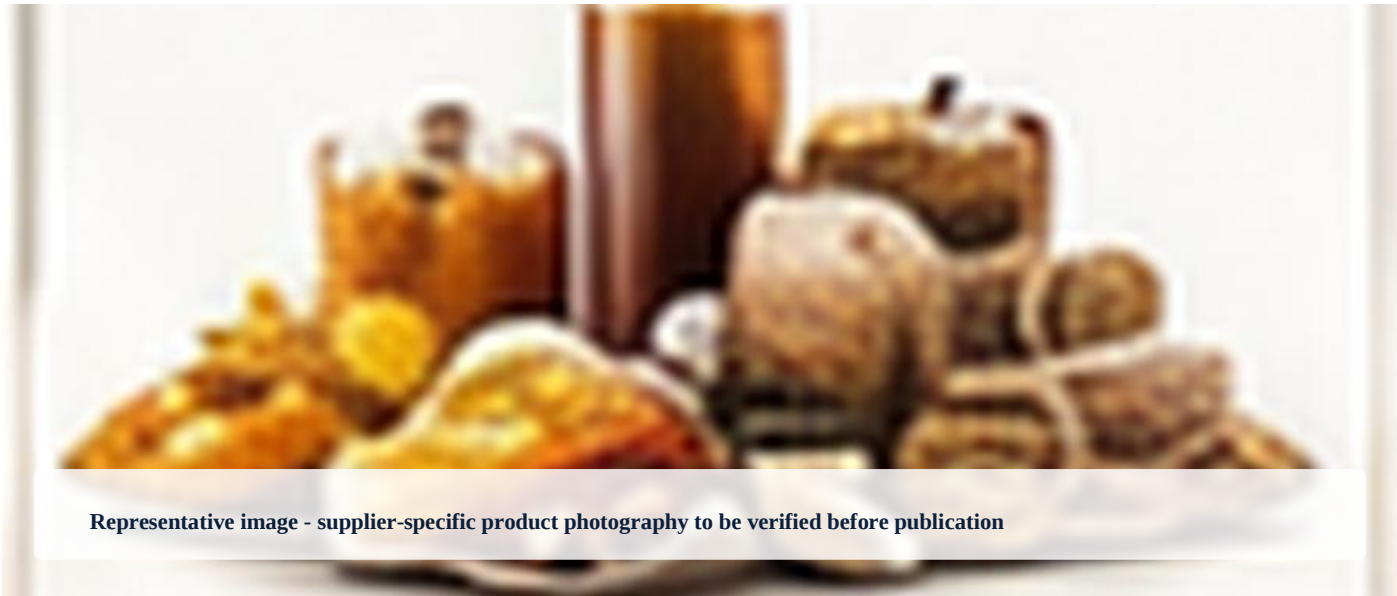

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-02-0001

Rice

Staple Foods • FOOD & BEVERAGES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

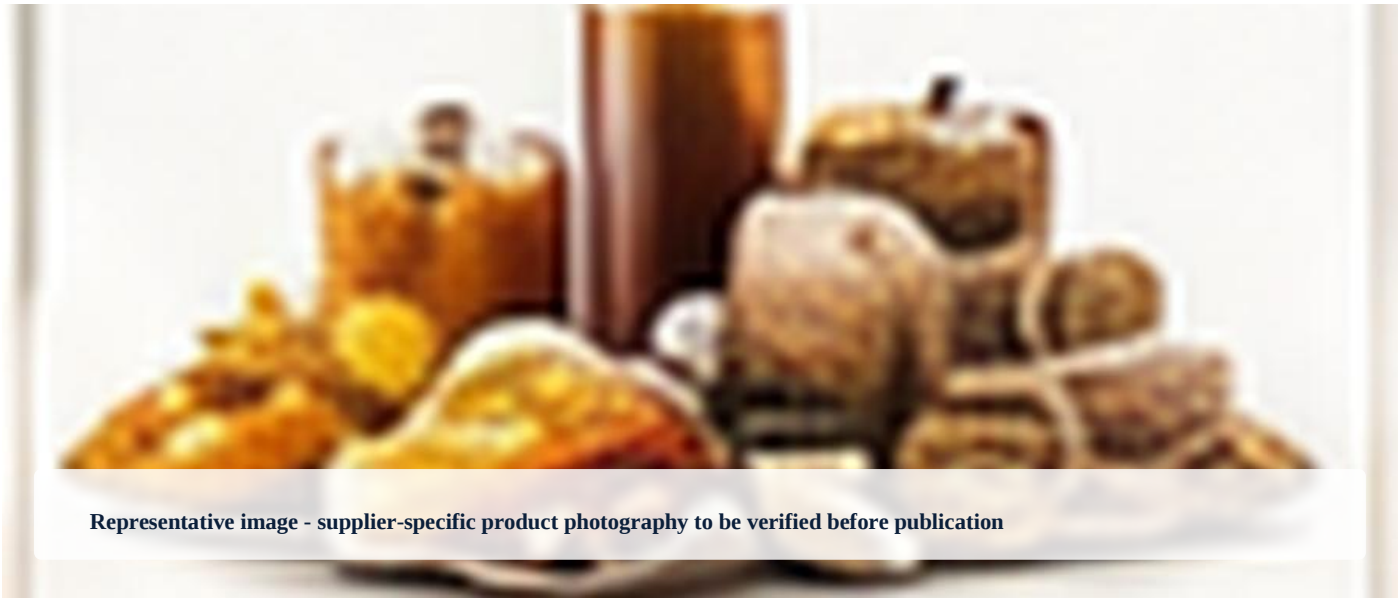

Commercial rice products for wholesale, institutional, retail and food-service supply channels.

MAIN APPLICATIONS Wholesale; retail; food service; institutional procurement	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Grade; grain type; moisture; broken percentage; quality parameters - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Long grain / parboiled / aromatic / other grades - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Food & Beverages	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-02-0002

Edible Vegetable Oil

Food Oils • FOOD & BEVERAGES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

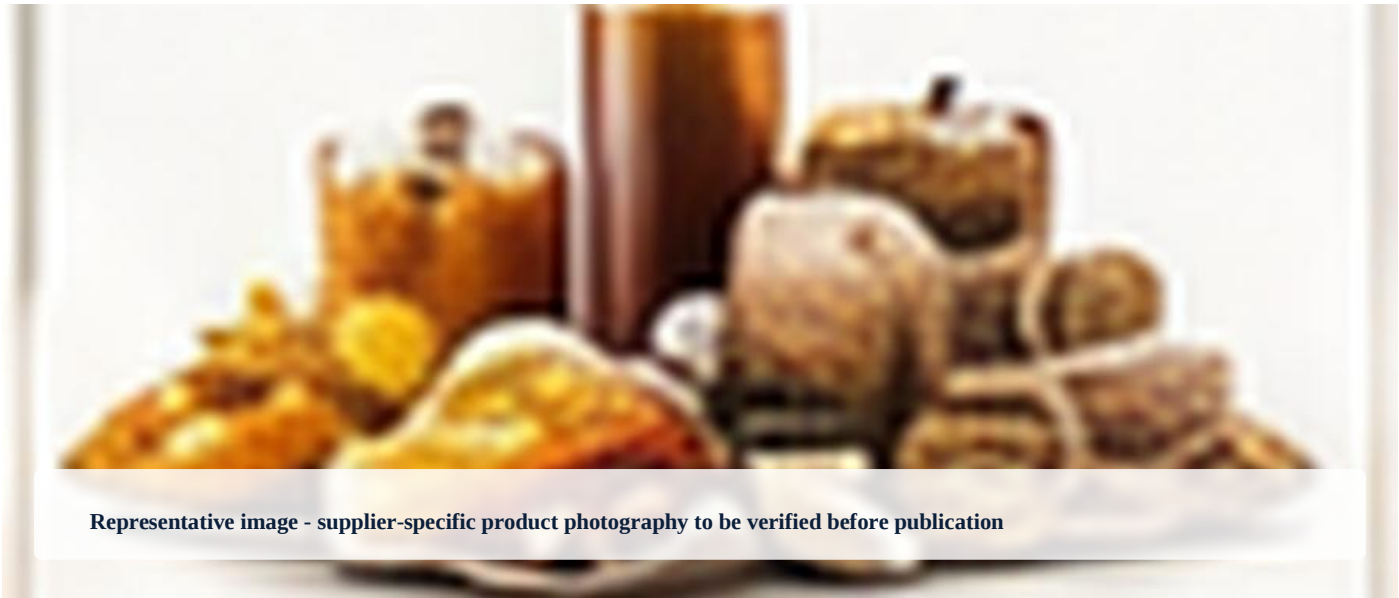

Packaged or bulk edible vegetable oil for retail, food service and industrial food processing.

MAIN APPLICATIONS Cooking; food manufacturing; catering; retail distribution	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Oil type; refining standard; pack size; shelf life; quality parameters - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Retail packs / jerrycans / drums / bulk - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Food & Beverages	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-02-0003

Pasta Products

Processed Foods • FOOD & BEVERAGES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

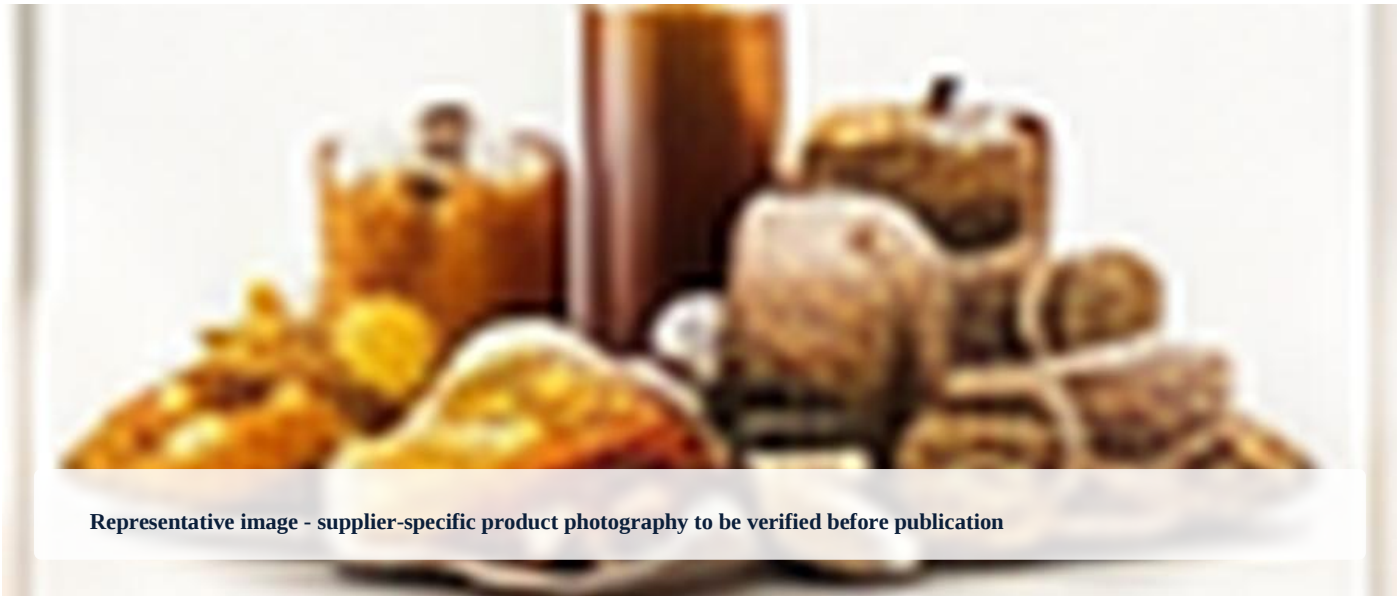

Dry pasta products suitable for retail, institutional and food-service distribution.

MAIN APPLICATIONS Retail; catering; hotels; institutional supply	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Wheat type; shape; pack size; cooking characteristics - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Spaghetti / macaroni / specialty shapes - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Food & Beverages	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-02-0004

Fruit Juice

Beverages • FOOD & BEVERAGES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Packaged fruit-based beverage products for retail, hospitality and institutional channels.

MAIN APPLICATIONS Retail; hotels; restaurants; catering; institutional supply	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Fruit content; pack type; shelf life; storage requirements - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Bottle / carton / pouch; multiple flavours - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Food & Beverages	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 03

CONSTRUCTION, BUILDING & BTP

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Cement	Steel	Reinforcement bars
Structural steel	Bricks	Blocks
Tiles	Ceramics	Marble
Granite	Glass	Doors
Windows	Aluminium products	Roofing
Insulation	Paints	Waterproofing products
Sanitary products	Plumbing materials	Electrical materials
Building hardware	Construction chemicals	

SUPPLIER OPPORTUNITY

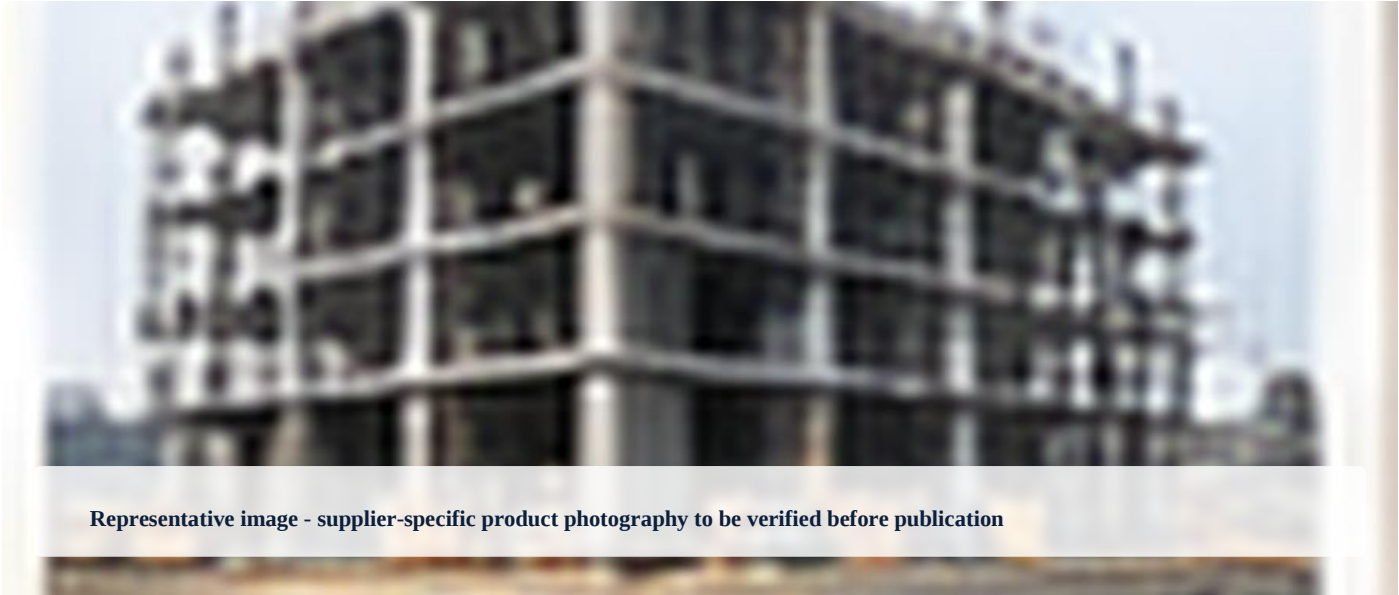

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-03-0001

Reinforcement Steel Bars

Steel & Structural Materials • CONSTRUCTION, BUILDING & BTP

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

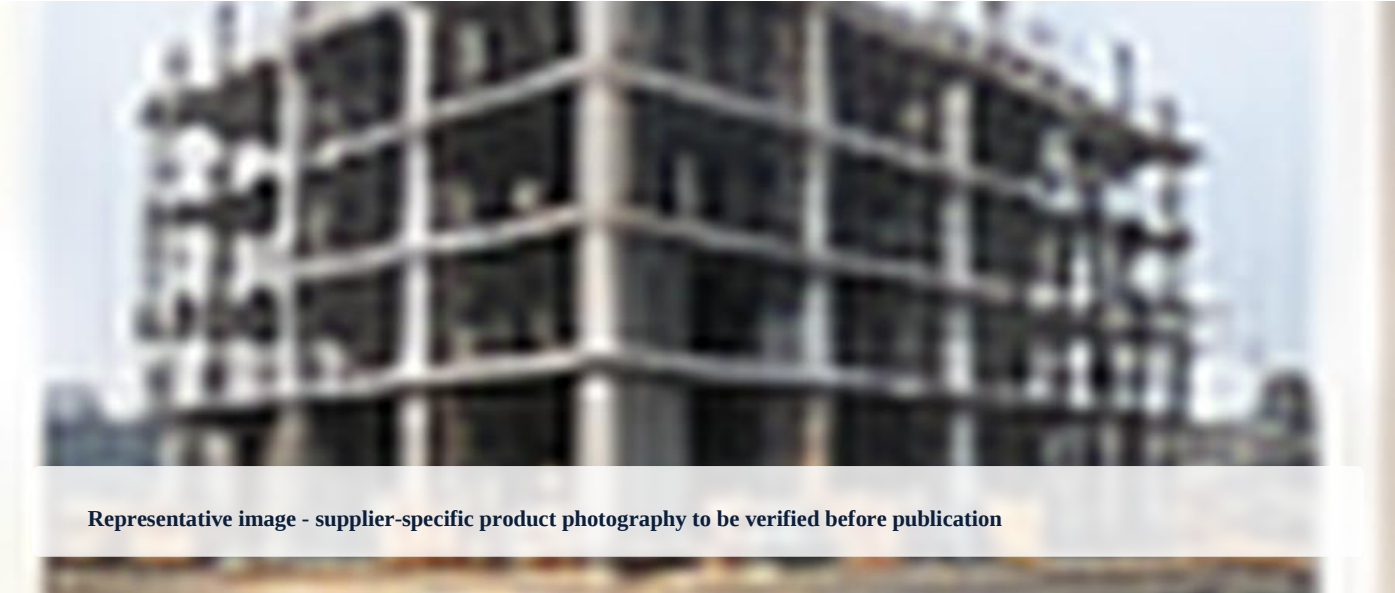

Steel reinforcement products for concrete structures and civil engineering projects.

MAIN APPLICATIONS Buildings; bridges; roads; industrial facilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Diameter; grade; length; mechanical properties; coating - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Straight bars / coils / project-specific sizes - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction, Building & Btp	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-03-0002

Ceramic Floor & Wall Tiles

Finishing Materials • CONSTRUCTION, BUILDING & BTP

SHORT DESCRIPTION

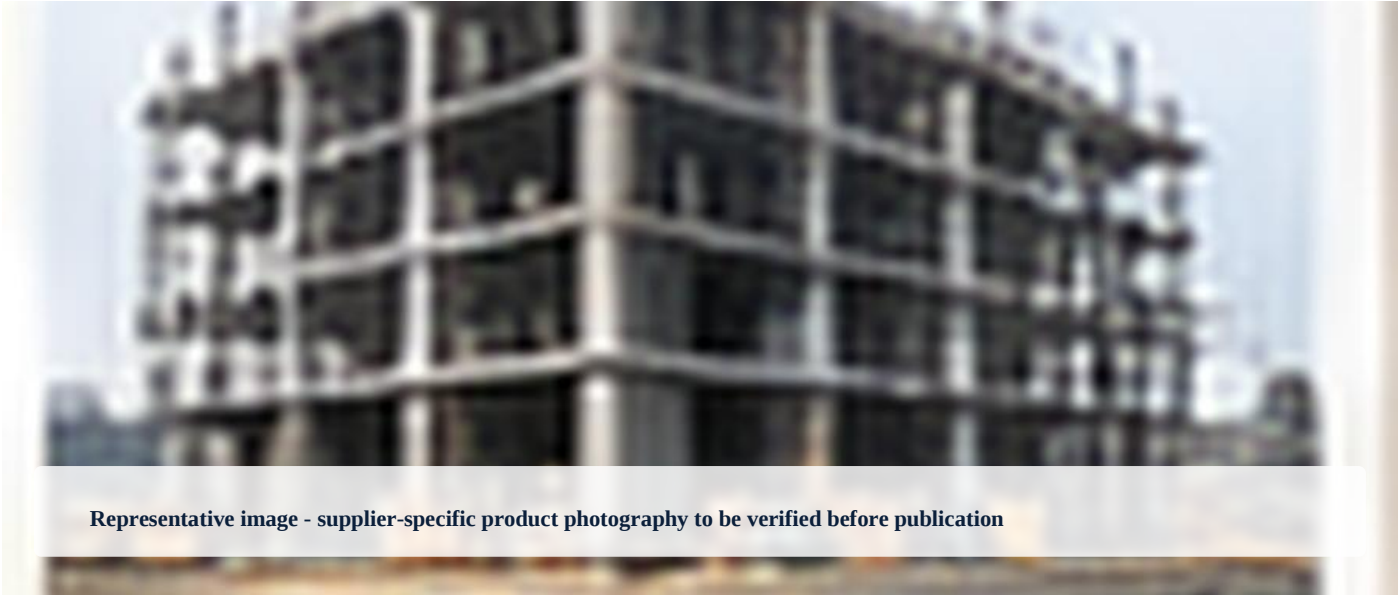

Interior and exterior ceramic tile solutions for residential, commercial and institutional projects.

MAIN APPLICATIONS Flooring; wall finishing; bathrooms; kitchens; commercial spaces	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Dimensions; thickness; finish; water absorption; slip rating - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Gloss / matte / polished / textured - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction, Building & Btp	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-03-0003

Aluminium Window Systems

Doors & Windows • CONSTRUCTION, BUILDING & BTP

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

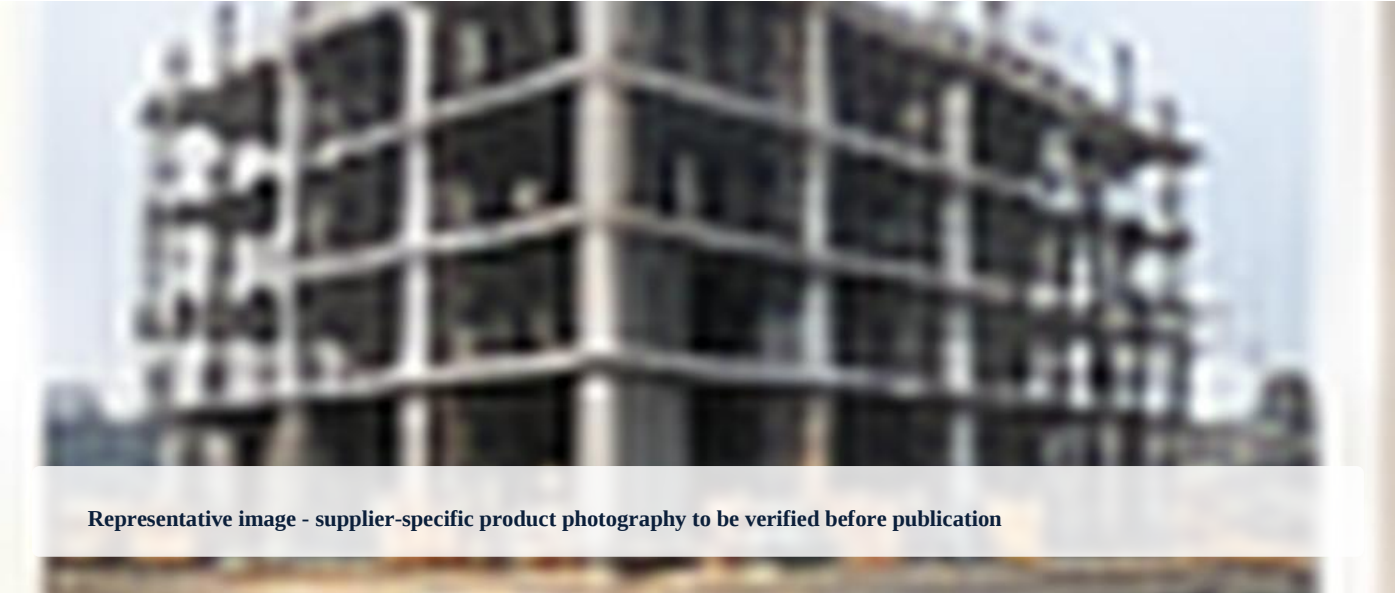

Fabricated or profile-based aluminium window systems for construction and renovation projects.

MAIN APPLICATIONS Residential; offices; hotels; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Profile series; glazing; hardware; finish; dimensions - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Sliding / casement / fixed / custom systems - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction, Building & Btp	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-03-0004

Waterproofing Membrane

Construction Chemicals • CONSTRUCTION, BUILDING & BTP

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Waterproofing solutions for roofs, foundations, wet areas and civil structures.

MAIN APPLICATIONS Roofing; basements; bathrooms; tanks; infrastructure	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Material type; thickness; application method; coverage; service conditions - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Sheet / liquid-applied / cementitious - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction, Building & Btp	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 04

CONSTRUCTION MACHINERY

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Excavators	Bulldozers	Loaders
Cranes	Concrete mixers	Concrete batching plants
Asphalt plants	Road construction machinery	Compactors
Graders	Drilling machines	Scaffolding
Formwork	Lifting equipment	

SUPPLIER OPPORTUNITY

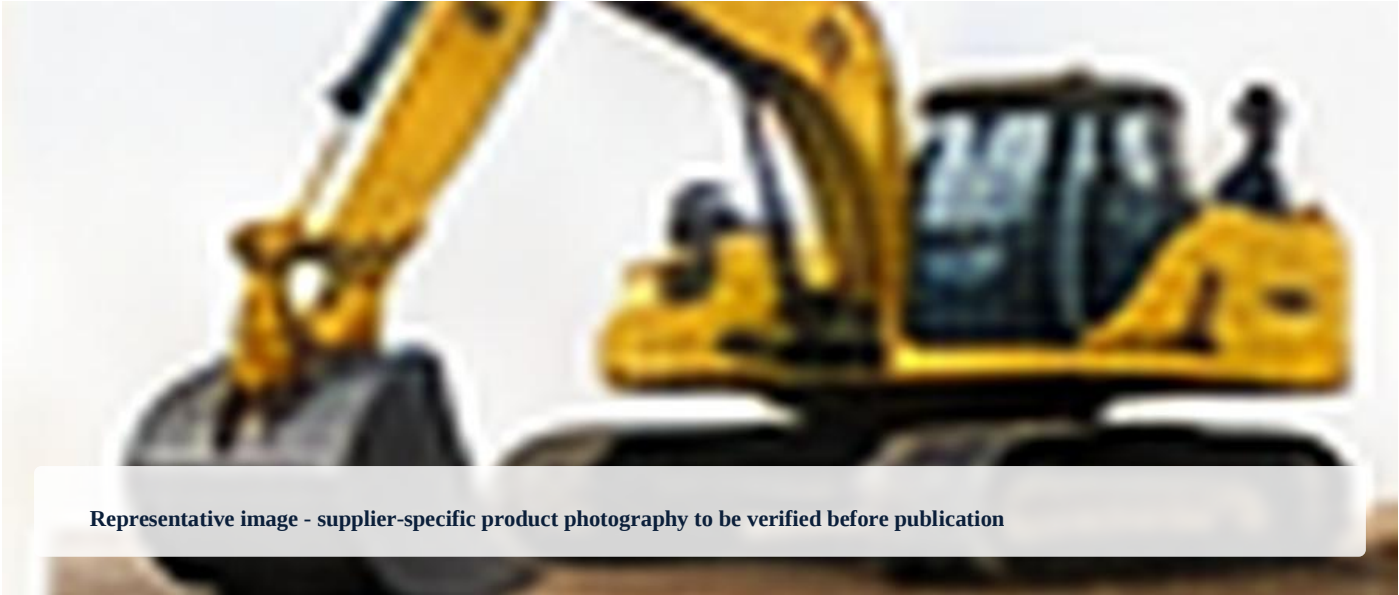

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-04-0001

Hydraulic Excavator

Earthmoving Equipment • CONSTRUCTION MACHINERY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

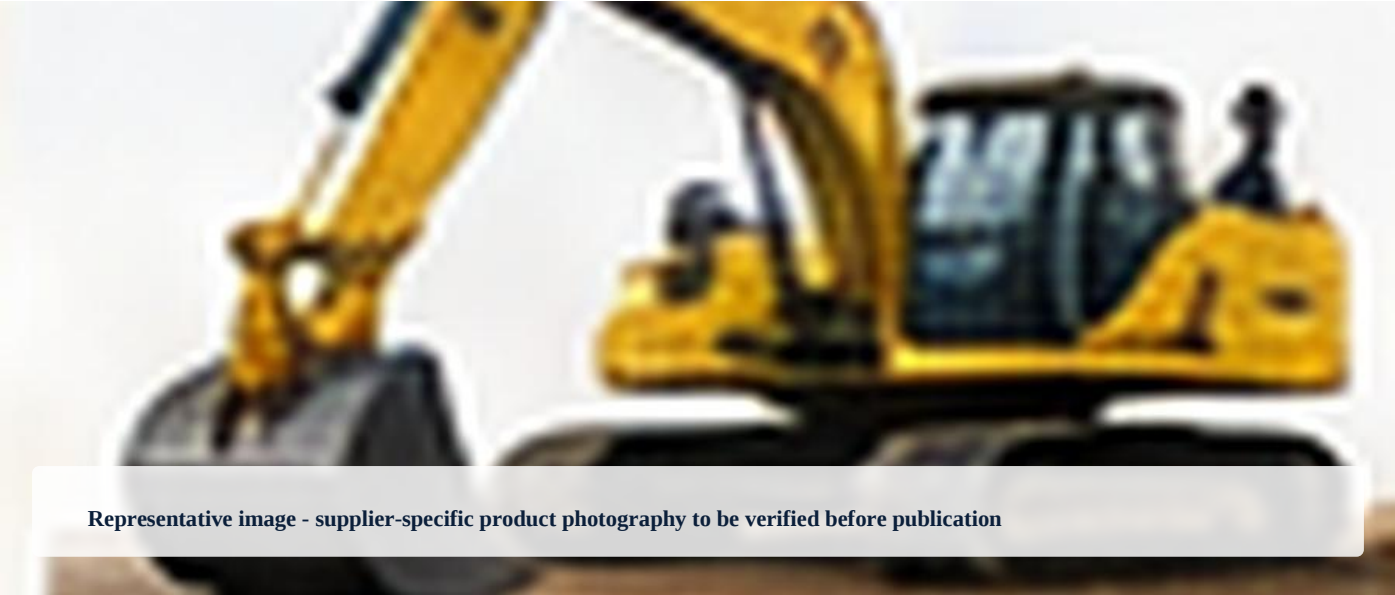

Construction machine for excavation, trenching, loading, demolition and site preparation.

MAIN APPLICATIONS Roadworks; building sites; mining support; utilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Operating weight; bucket capacity; engine power; reach; hydraulic system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Crawler / wheeled / compact / heavy-duty - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction Machinery	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-04-0002

Wheel Loader

Material Handling Machinery • CONSTRUCTION MACHINERY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

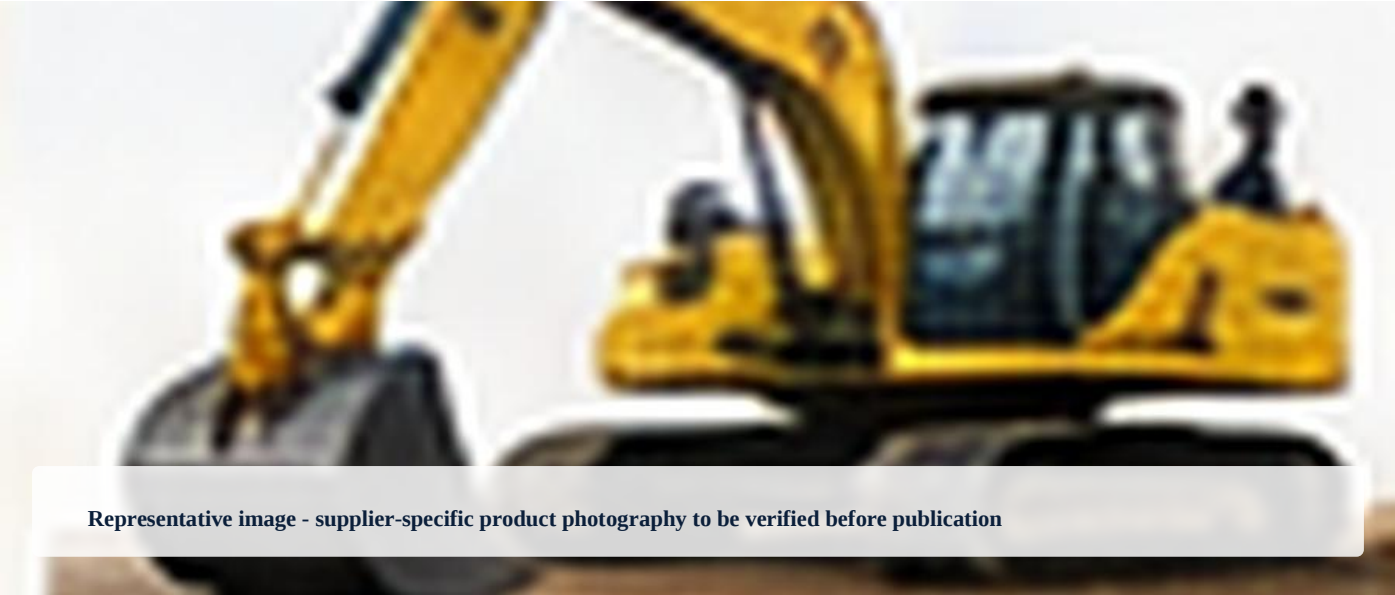

High-productivity loader for aggregates, construction materials, quarries and industrial yards.

MAIN APPLICATIONS Loading; stockpiles; quarry; road construction	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Bucket capacity; operating weight; engine power; lift height - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Compact / standard / heavy-duty - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction Machinery	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-04-0003

Concrete Batching Plant

Concrete Production • CONSTRUCTION MACHINERY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

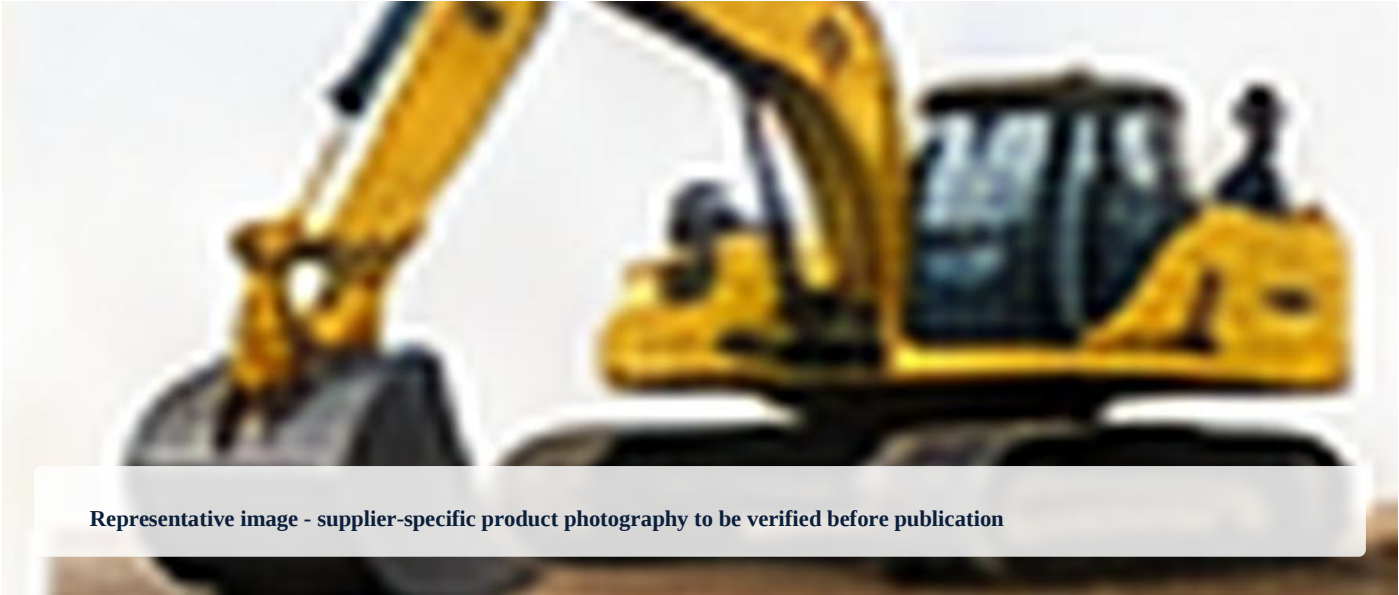

Plant for controlled production of ready-mix concrete for infrastructure and building projects.

MAIN APPLICATIONS Ready-mix; roads; bridges; housing; precast	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Output capacity; mixer type; silo capacity; control system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Stationary / mobile / compact - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction Machinery	PRICE Upon request / To be confirmed

CIF-04-0004

Road Compactor

Road Construction Equipment • CONSTRUCTION MACHINERY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Compaction equipment for soil, aggregate and asphalt road construction.

MAIN APPLICATIONS Road bases; asphalt; earthworks; civil works	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Operating weight; drum width; vibration system; engine power - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Single drum / tandem / pneumatic - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Construction Machinery	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 05

INDUSTRIAL MACHINERY & EQUIPMENT

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

CNC machines	Machine tools	Lathes
Milling machines	Drilling machines	Grinding machines
Cutting machines	Laser machines	Plasma machines
Welding equipment	Hydraulic presses	Industrial robots
Production lines	Assembly equipment	Factory automation
Industrial tools	Compressors	Pumps
Generators	Motors	Gearboxes
Bearings	Industrial valves	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-05-0001

CNC Machining Center

CNC & Machine Tools • INDUSTRIAL MACHINERY & EQUIPMENT

SHORT DESCRIPTION

Programmable machining equipment for precision manufacturing and industrial production.

MAIN APPLICATIONS Metalworking; automotive; engineering; component manufacturing	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Axis configuration; travel; spindle; tool capacity; control system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Vertical / horizontal / multi-axis - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Industrial Machinery & Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-05-0002

Industrial Air Compressor

Compressed Air Systems • INDUSTRIAL MACHINERY & EQUIPMENT

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

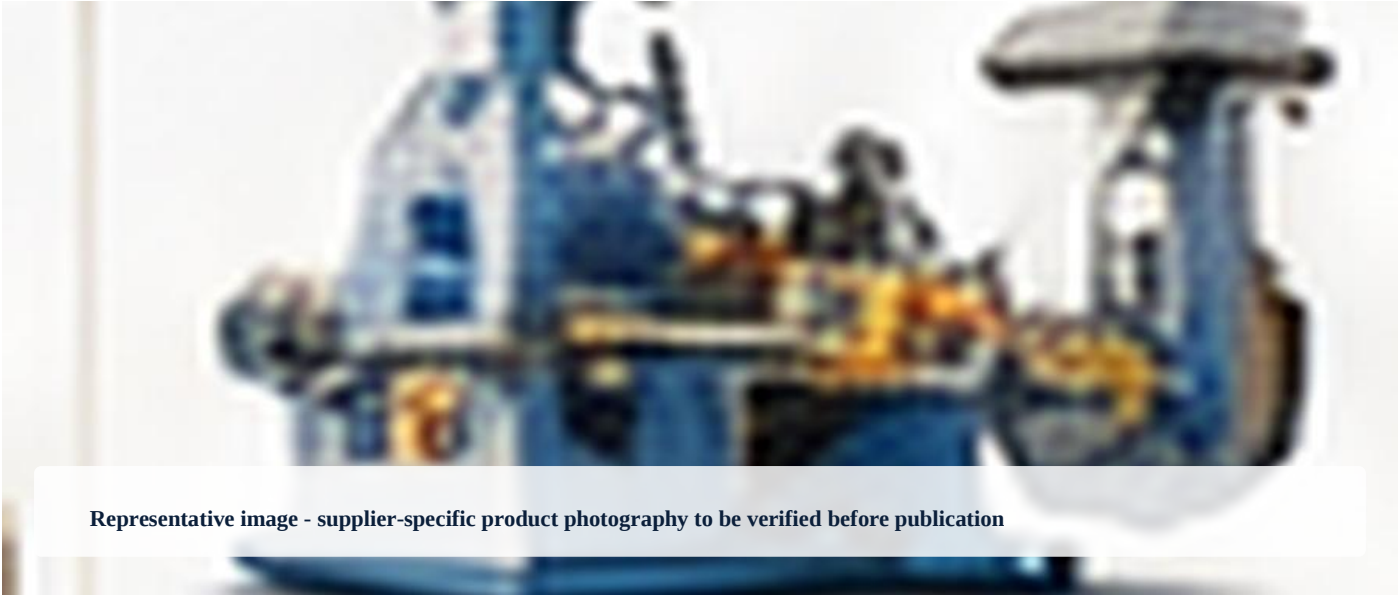

Compressed-air equipment for factories, workshops, construction and industrial utilities.

MAIN APPLICATIONS Manufacturing; packaging; workshops; process utilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Air delivery; pressure; motor rating; receiver; dryer options - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Screw / piston / oil-free - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Industrial Machinery & Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-05-0003

Industrial Water Pump

Pumps & Fluid Handling • INDUSTRIAL MACHINERY & EQUIPMENT

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

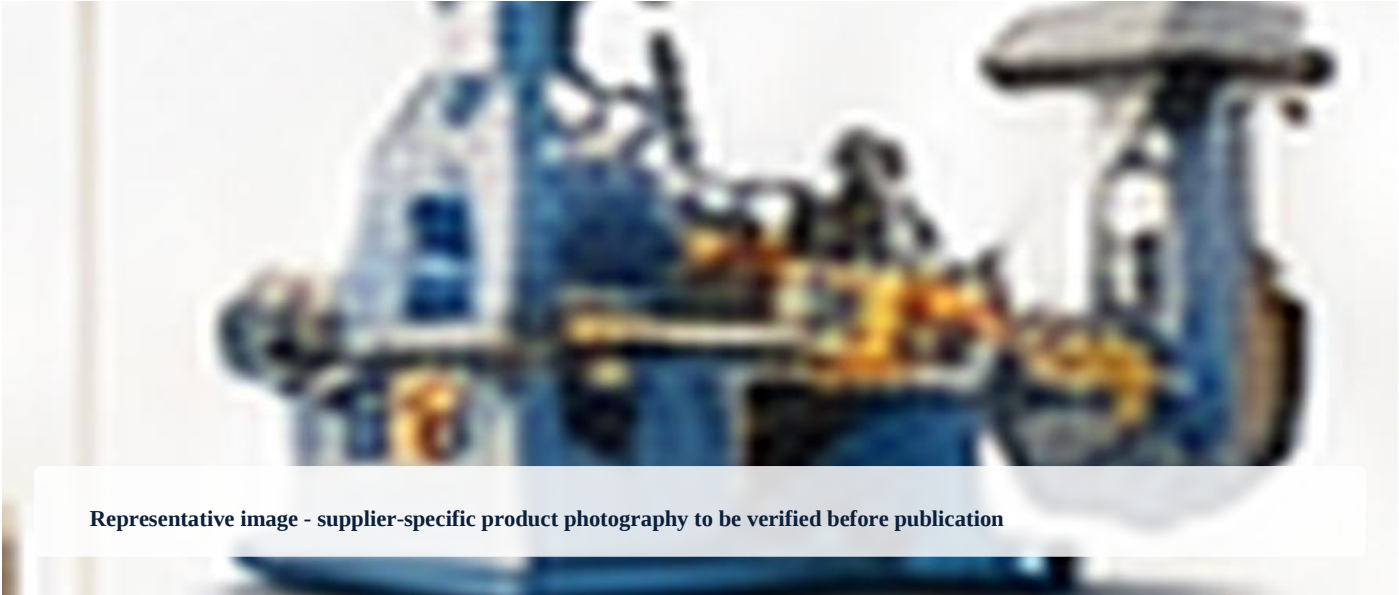

Pump solutions for industrial transfer, process water, utilities and infrastructure.

MAIN APPLICATIONS Factories; water systems; process plants; agriculture	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Flow; head; motor power; material; seal type - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Centrifugal / multistage / submersible - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Industrial Machinery & Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-05-0004

Industrial Welding System

Welding Equipment • INDUSTRIAL MACHINERY & EQUIPMENT

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Professional welding equipment for fabrication, maintenance and industrial production.

MAIN APPLICATIONS Metal fabrication; construction; repair; manufacturing	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Process; current range; duty cycle; power input; accessories - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS MIG / TIG / MMA / multi-process - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Industrial Machinery & Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 06

ELECTRICAL & ELECTRONICS

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Electrical cables	Transformers	Switchgear
Circuit breakers	Control panels	Motors
Generators	Batteries	Electrical components
LED lighting	Industrial lighting	Switches
Sockets	Smart electrical systems	Electronic components
Sensors	Control systems	

SUPPLIER OPPORTUNITY

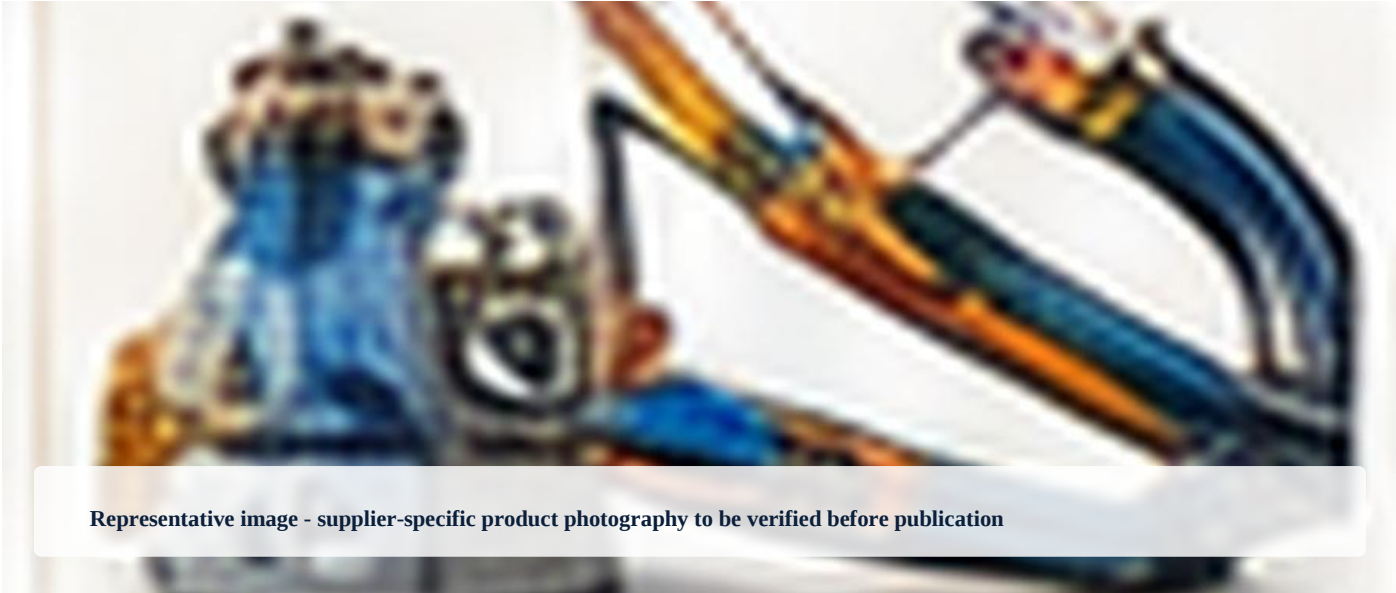

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-06-0001

Power Transformer

Power Distribution • ELECTRICAL & ELECTRONICS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

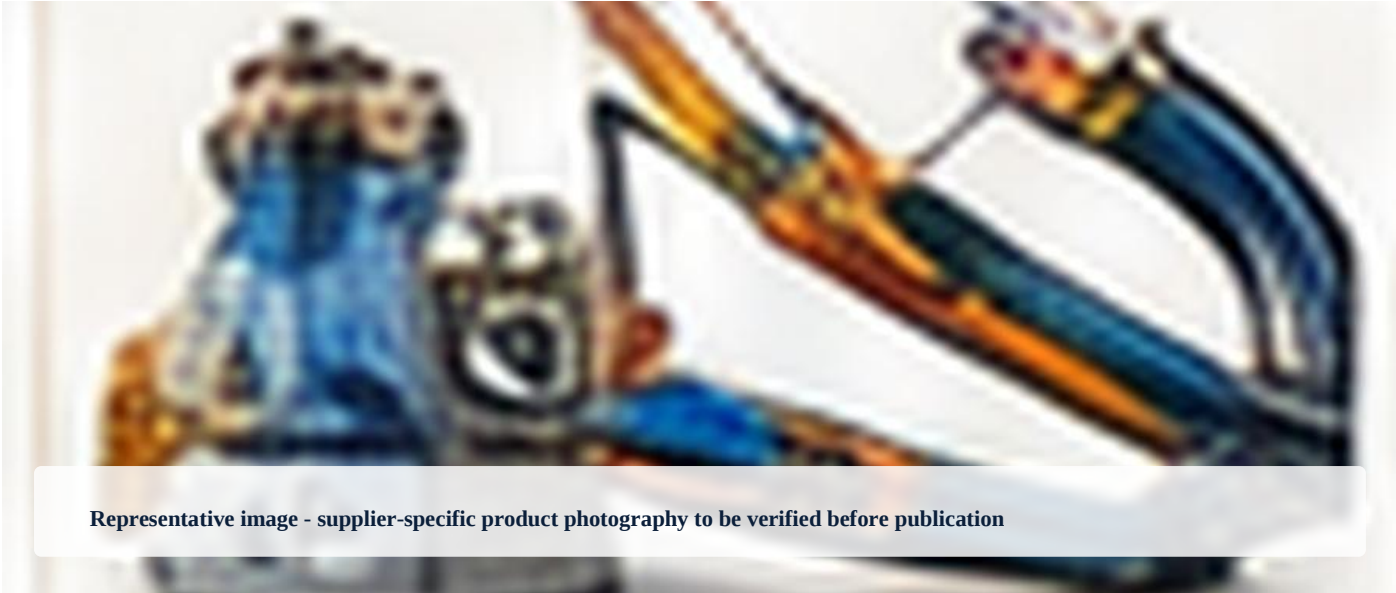

Electrical transformer solution for utility, industrial and infrastructure distribution networks.

MAIN APPLICATIONS Power distribution; industrial plants; commercial facilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Rated power; voltage ratio; frequency; cooling; insulation class - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Oil-immersed / dry-type / project-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Electrical & Electronics	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-06-0002

Low Voltage Switchgear

Switchgear & Protection • ELECTRICAL & ELECTRONICS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

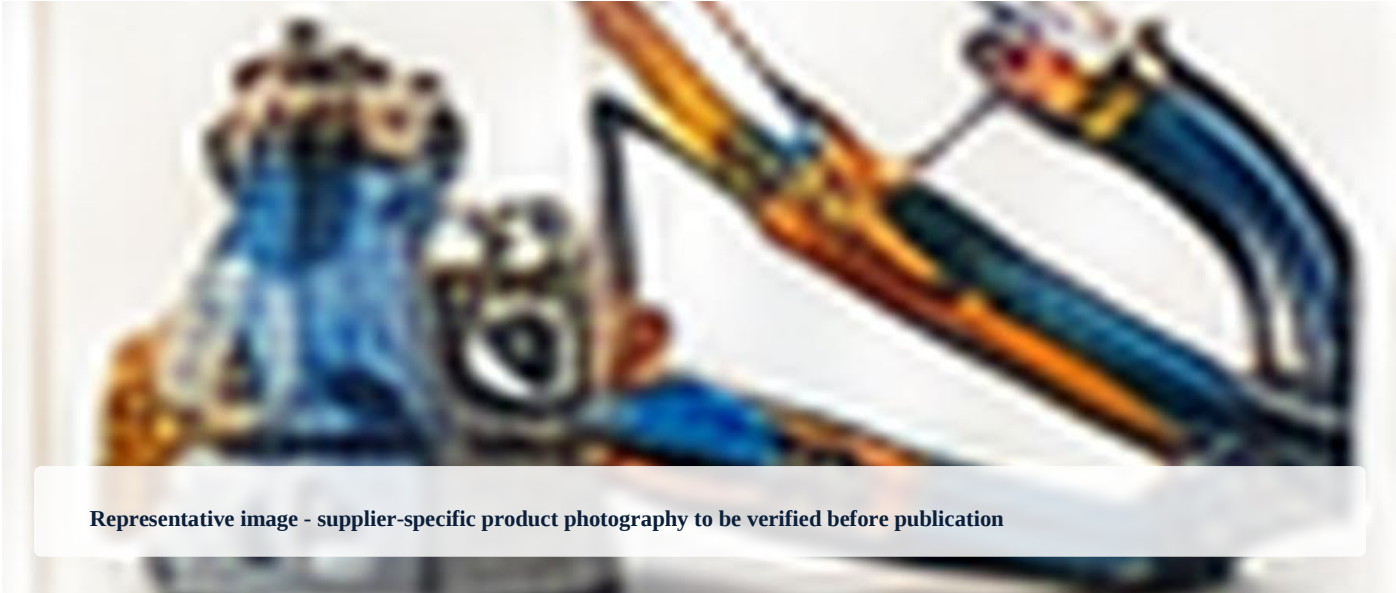

Electrical distribution and protection assemblies for commercial and industrial installations.

MAIN APPLICATIONS Factories; buildings; data centres; utilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Rated voltage/current; short-circuit rating; enclosure; protection devices - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS MDB / MCC / distribution boards - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Electrical & Electronics	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-06-0003

Electrical Power Cable

Cables & Conductors • ELECTRICAL & ELECTRONICS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

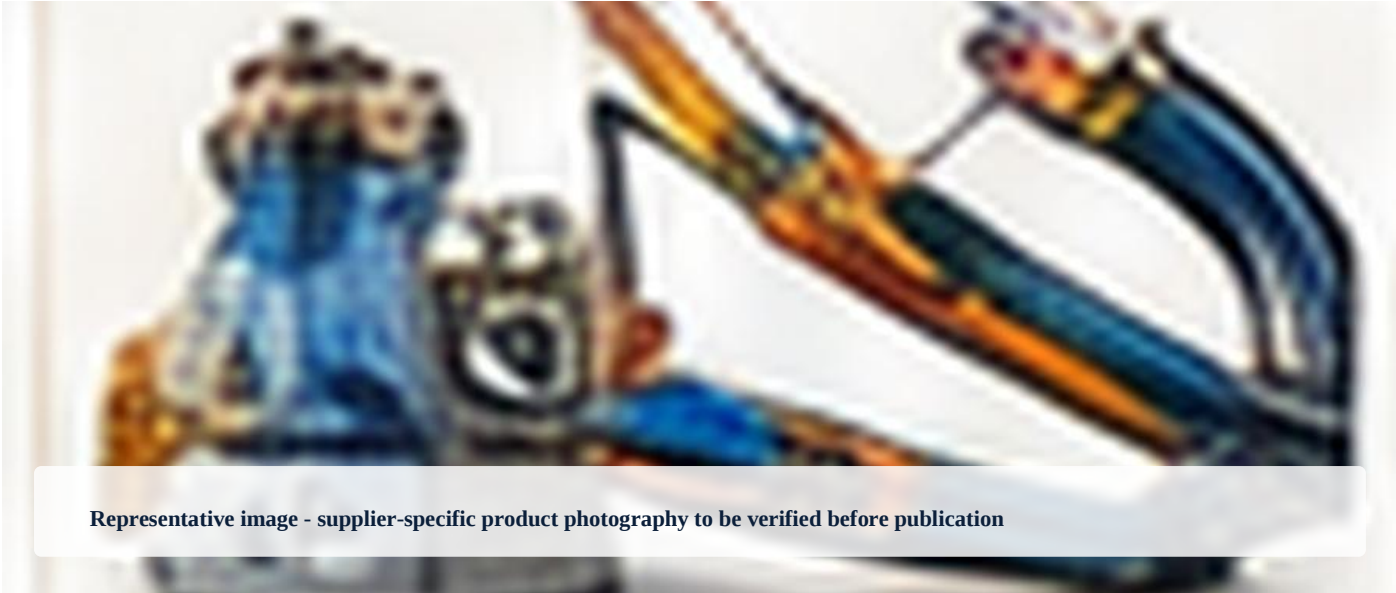

Power cable products for building, industrial and infrastructure electrical installations.

MAIN APPLICATIONS Power distribution; construction; utilities; industry	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Conductor; insulation; voltage rating; cores; armour - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Copper / aluminium; armoured / unarmoured - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Electrical & Electronics	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-06-0004

Industrial LED Lighting

Lighting Systems • ELECTRICAL & ELECTRONICS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Energy-efficient lighting solutions for factories, warehouses, roads and commercial sites.

MAIN APPLICATIONS Warehouses; factories; outdoor areas; commercial buildings	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Power; lumen output; IP rating; colour temperature; optics - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS High-bay / floodlight / streetlight / panel - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Electrical & Electronics	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 07

SOLAR ENERGY & RENEWABLE ENERGY

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Solar panels	Monocrystalline panels	Bifacial panels
Solar inverters	Hybrid inverters	Batteries
Energy storage systems	Solar pumps	Solar street lights
Solar water heaters	Solar mounting structures	Solar cables
Solar connectors	Mini-grid systems	Off-grid systems
On-grid systems	Wind energy equipment	Renewable energy systems

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-07-0001

Monocrystalline Solar Panel

Solar Modules • SOLAR ENERGY & RENEWABLE ENERGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Photovoltaic module solution for residential, commercial, industrial and utility-scale projects.

MAIN APPLICATIONS Rooftop systems; mini-grids; solar farms; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Power rating; efficiency; dimensions; cell technology; warranty - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Monofacial / bifacial / project-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Solar Energy & Renewable Energy	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-07-0002

Hybrid Solar Inverter

Solar Power Electronics • SOLAR ENERGY & RENEWABLE ENERGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Inverter platform for solar generation, battery storage and grid/generator integration.

MAIN APPLICATIONS Homes; businesses; clinics; schools; mini-grids	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Rated power; DC input; battery voltage; output; communications - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Single-phase / three-phase / scalable systems - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Solar Energy & Renewable Energy	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-07-0003

Battery Energy Storage System

Energy Storage • SOLAR ENERGY & RENEWABLE ENERGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Energy storage solution for solar, backup power, mini-grids and commercial energy management.

MAIN APPLICATIONS Solar projects; telecom; commercial facilities; mini-grids	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Usable capacity; chemistry; voltage; BMS; cycle life - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Rack / cabinet / containerized - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Solar Energy & Renewable Energy	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-07-0004

Solar Water Pump

Solar Pumping • SOLAR ENERGY & RENEWABLE ENERGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Solar-powered pumping solution for irrigation, livestock, community water and remote sites.

MAIN APPLICATIONS Agriculture; boreholes; water supply; livestock	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Flow; head; pump type; motor rating; controller; PV sizing - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Surface / submersible / AC-DC configurations - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Solar Energy & Renewable Energy	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 08

HEALTHCARE & MEDICAL EQUIPMENT

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Hospital beds	Operating tables	Hospital furniture
Medical monitors	Ventilators	Defibrillators
Infusion pumps	Syringes	Medical gloves
Masks	Medical consumables	Diagnostic equipment
Ultrasound	X-ray	CT scan
MRI	Laboratory equipment	Laboratory reagents
Dental equipment	Physiotherapy equipment	Rehabilitation equipment
Medical furniture		

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

Medical products may be subject to applicable regulatory approvals, licences, registrations and import requirements. Certifications must be verified before any commercial representation.

CIF-08-0001

Hospital Bed

Hospital Furniture • HEALTHCARE & MEDICAL EQUIPMENT

SHORT DESCRIPTION

Adjustable patient bed solution for hospitals, clinics and healthcare facilities.

MAIN APPLICATIONS Patient wards; recovery; intensive care; clinics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Dimensions; adjustment functions; load capacity; accessories - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Manual / electric / ICU configurations - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Healthcare & Medical Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Medical products may be subject to applicable regulatory approvals, licences, registrations and import requirements. Certifications must be verified before any commercial representation.

CIF-08-0002

Patient Monitor

Medical Monitoring • HEALTHCARE & MEDICAL EQUIPMENT

SHORT DESCRIPTION

Clinical monitoring equipment for patient vital-sign observation in care environments.

MAIN APPLICATIONS Emergency; ICU; operating rooms; wards	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Parameters monitored; display; alarms; connectivity; power - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Bedside / transport / modular - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Healthcare & Medical Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Medical products may be subject to applicable regulatory approvals, licences, registrations and import requirements. Certifications must be verified before any commercial representation.

CIF-08-0003

Ultrasound System

Diagnostic Imaging • HEALTHCARE & MEDICAL EQUIPMENT

SHORT DESCRIPTION

Medical ultrasound equipment for diagnostic imaging applications.

MAIN APPLICATIONS General imaging; obstetrics; cardiology; point-of-care	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Probe types; imaging modes; display; storage; software - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Portable / cart-based / application-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Healthcare & Medical Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Medical products may be subject to applicable regulatory approvals, licences, registrations and import requirements. Certifications must be verified before any commercial representation.

CIF-08-0004

Medical Examination Gloves

Medical Consumables • HEALTHCARE & MEDICAL EQUIPMENT

SHORT DESCRIPTION

Disposable protective gloves for clinical, laboratory and healthcare use.

MAIN APPLICATIONS Hospitals; laboratories; clinics; diagnostics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Material; size; thickness; powder status; packaging - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Nitrile / latex / other approved materials - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Healthcare & Medical Equipment	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Medical products may be subject to applicable regulatory approvals, licences, registrations and import requirements. Certifications must be verified before any commercial representation.

SECTOR 09

PHARMACEUTICALS & LIFE SCIENCES

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Generic medicines	Branded medicines	Pharmaceutical ingredients
Nutraceuticals	Vitamins	Medical nutrition
Pharmaceutical packaging	Laboratory products	Biotechnology products
Pharmaceutical machinery	Cleanroom equipment	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

Pharmaceuticals and regulated life-science products are subject to applicable regulatory approvals, licences, registrations and import requirements. No certification, marketing authorisation or compliance status is implied unless verified.

CIF-09-0001

Generic Medicines

Finished Pharmaceutical Products • PHARMACEUTICALS & LIFE SCIENCES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Finished dosage pharmaceutical products supplied only through compliant and authorised channels.

MAIN APPLICATIONS Licensed healthcare supply; institutional procurement; regulated distribution	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Active ingredient; dosage form; strength; pack; shelf life - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Tablets / capsules / liquids / other approved forms - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Pharmaceuticals & Life Sciences	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Pharmaceuticals and regulated life-science products are subject to applicable regulatory approvals, licences, registrations and import requirements. No certification, marketing authorisation or compliance status is implied unless verified.

CIF-09-0002

Pharmaceutical Packaging

Pharma Packaging • PHARMACEUTICALS & LIFE SCIENCES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Primary and secondary packaging solutions for pharmaceutical manufacturers and contract packers.

MAIN APPLICATIONS Tablets; capsules; liquids; sterile products	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Material; barrier properties; dimensions; print; compliance - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Blisters / bottles / cartons / closures - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Pharmaceuticals & Life Sciences	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES
Pharmaceuticals and regulated life-science products are subject to applicable regulatory approvals, licences, registrations and import requirements. No certification, marketing authorisation or compliance status is implied unless verified.	

CIF-09-0003

Tablet Compression Machine

Pharmaceutical Machinery • PHARMACEUTICALS & LIFE SCIENCES

SHORT DESCRIPTION

Production equipment for pharmaceutical and nutraceutical solid-dose manufacturing.

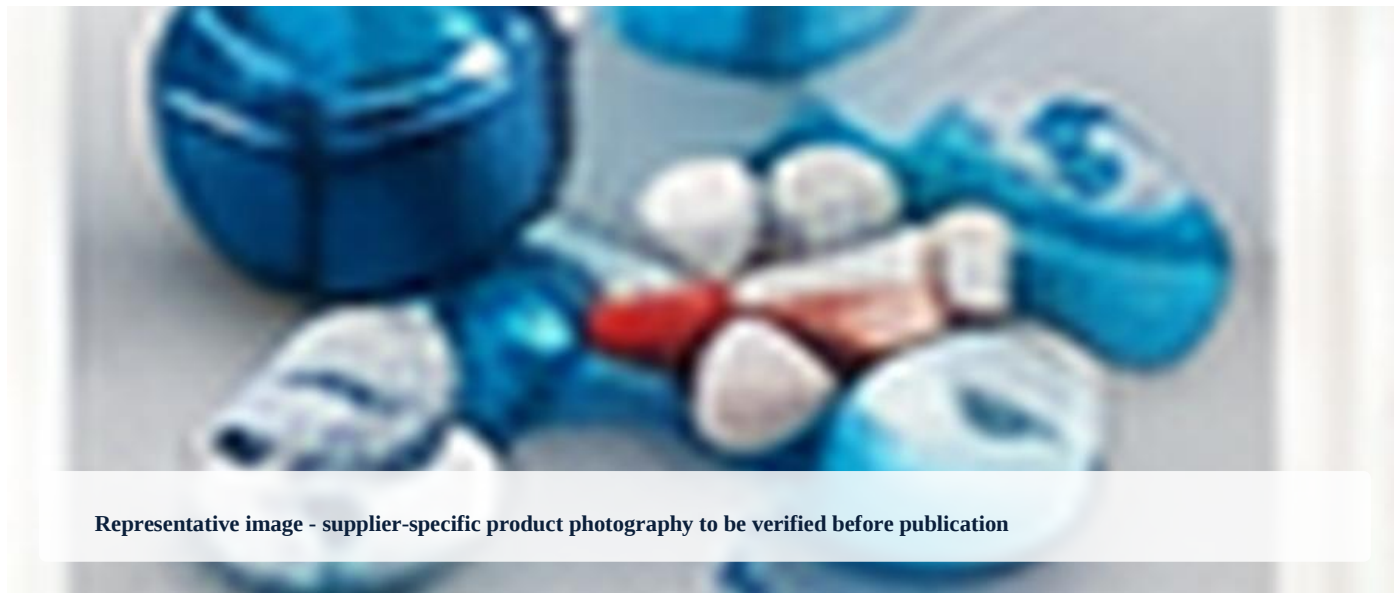

MAIN APPLICATIONS Tablet production; nutraceutical manufacturing; R&D	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Output; tooling; compression force; controls; cleaning design - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS R&D / pilot / production-scale - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Pharmaceuticals & Life Sciences	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Pharmaceuticals and regulated life-science products are subject to applicable regulatory approvals, licences, registrations and import requirements. No certification, marketing authorisation or compliance status is implied unless verified.

CIF-09-0004

Cleanroom Equipment

Cleanroom Systems • PHARMACEUTICALS & LIFE SCIENCES

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Controlled-environment equipment and components for pharmaceutical, laboratory and high-care facilities.

MAIN APPLICATIONS

Pharma production; biotech; labs; medical manufacturing

TECHNICAL SPECIFICATIONS

Cleanliness level; filtration; airflow; materials; monitoring - To be confirmed

AVAILABLE VARIANTS

Modular rooms / air showers / pass boxes / accessories - To be confirmed

TYPICAL MATERIALS

Supplier to declare verified material composition, grades and applicable standards - To be confirmed

PACKAGING / UNIT

Export packaging, unit configuration and labelling - To be confirmed by supplier

POTENTIAL BUYER

Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product

TARGET INDUSTRY

Pharmaceuticals & Life Sciences

POSSIBLE EXPORT MARKETS

Africa and other international markets, subject to buyer requirements and applicable regulations

MANUFACTURER / SUPPLIER TYPE

Manufacturer / exporter / authorised distributor / technology provider -

OEM AVAILABLE

To be confirmed

PRIVATE LABEL

To be confirmed

MINIMUM ORDER QUANTITY

To be confirmed

CERTIFICATIONS

Only verified certificates accepted - To be confirmed

HS CODE

To be confirmed after exact product and specification validation

ORIGIN

To be confirmed

PRICE

Upon request / To be confirmed

SUPPLY CAPACITY

To be confirmed

CIFACI SUPPLIER OPPORTUNITY

YES

Pharmaceuticals and regulated life-science products are subject to applicable regulatory approvals, licences, registrations and import requirements. No certification, marketing authorisation or compliance status is implied unless verified.

SECTOR 10

TEXTILE, APPAREL & FASHION

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Cotton	Yarn	Fabrics
Silk	Polyester	Denim
Technical textiles	Garments	Uniforms
Workwear	Sportswear	School uniforms
Shoes	Bags	Leather goods
Home textiles	Towels	Bedsheets
Curtains	Textile machinery	Sewing machines
Embroidery machines	Dyeing machines	

SUPPLIER OPPORTUNITY

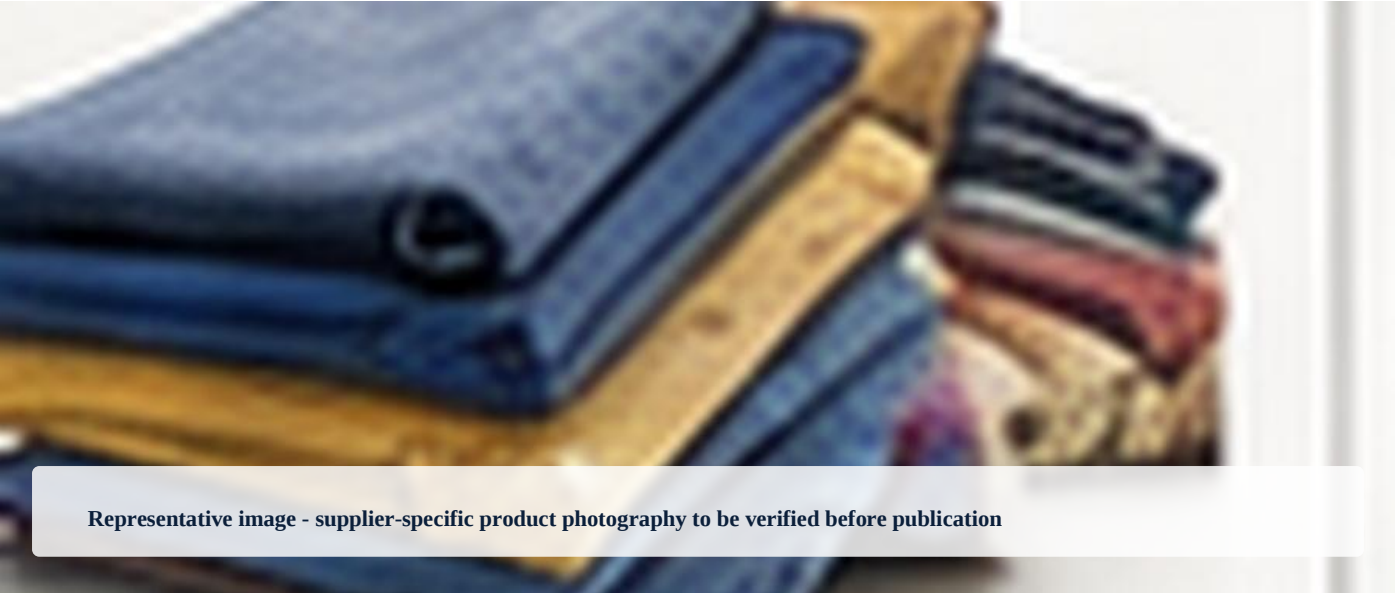

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-10-0001

Cotton Fabric

Textile Materials • TEXTILE, APPAREL & FASHION

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

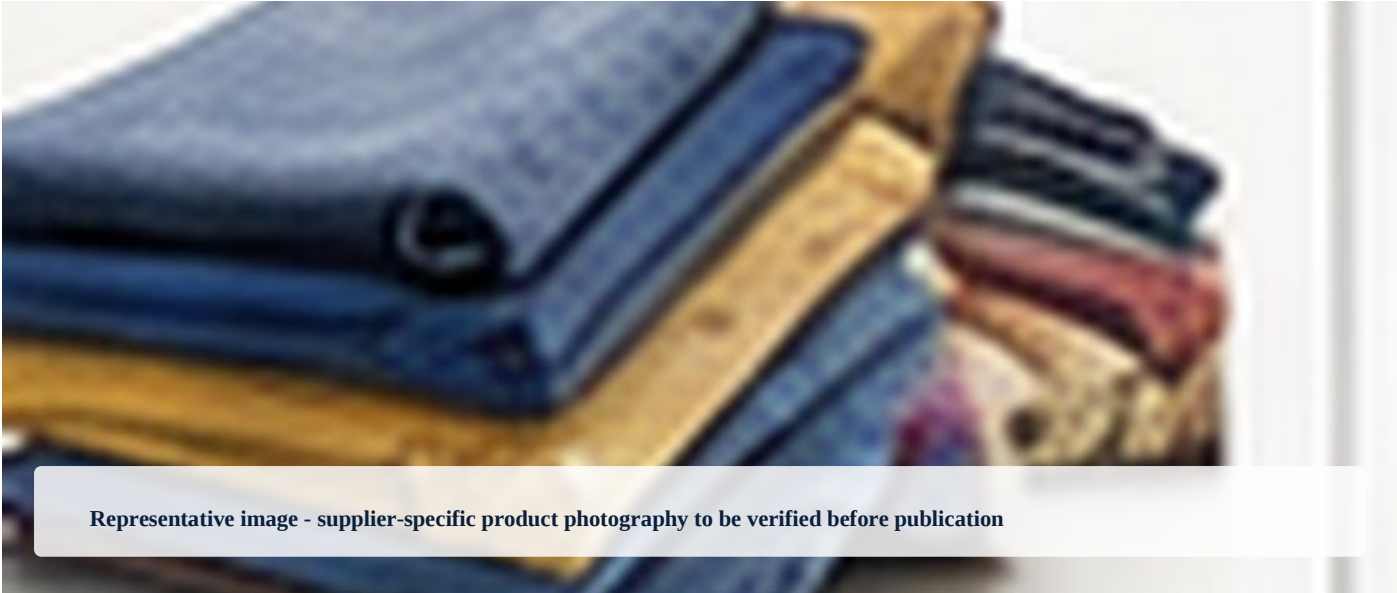

Woven or knitted cotton fabric for apparel, uniforms, home textiles and institutional production.

MAIN APPLICATIONS Garments; uniforms; bedding; workwear	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Composition; weave/knit; GSM; width; colourfastness - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Greige / dyed / printed / blended - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Textile, Apparel & Fashion	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-10-0002

School Uniforms

Garments & Uniforms • TEXTILE, APPAREL & FASHION

SHORT DESCRIPTION

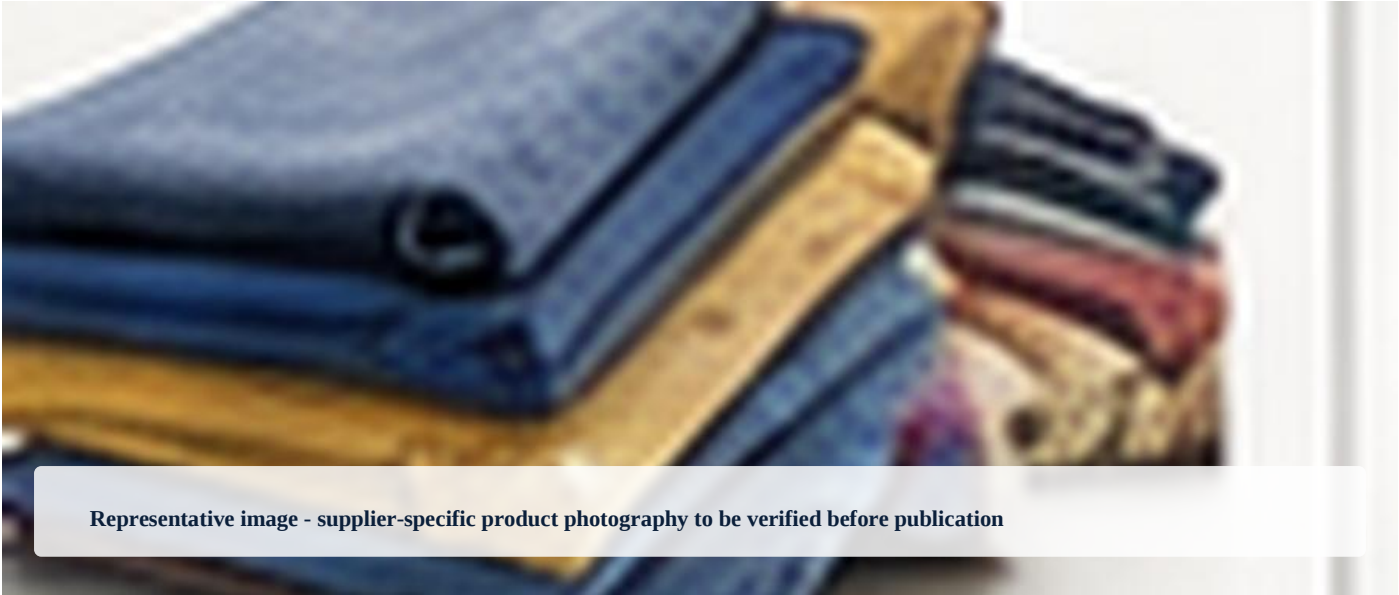

Institutional school uniform products for distributors, schools and education projects.

MAIN APPLICATIONS Schools; distributors; institutional procurement	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Fabric; sizing; design; colour; logo/branding requirements - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Shirts / trousers / skirts / dresses / sets - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Textile, Apparel & Fashion	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-10-0003

Industrial Workwear

Workwear • TEXTILE, APPAREL & FASHION

SHORT DESCRIPTION

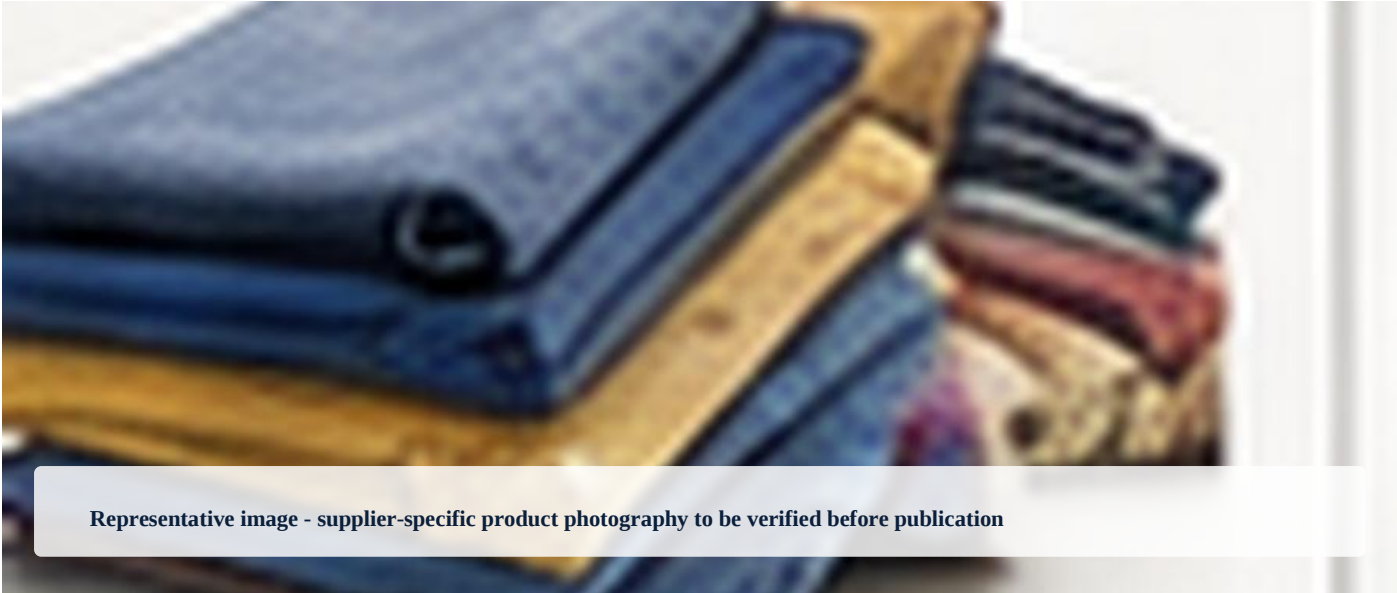

Protective and professional garments for industrial, construction and service sectors.

MAIN APPLICATIONS Factories; construction; logistics; utilities	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Fabric; weight; reflective elements; sizing; protection class - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Coveralls / jackets / trousers / high-visibility - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Textile, Apparel & Fashion	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-10-0004

Industrial Embroidery Machine

Textile Machinery • TEXTILE, APPAREL & FASHION

SHORT DESCRIPTION

Computerized embroidery equipment for garment decoration and textile production.

MAIN APPLICATIONS Uniforms; fashion; promotional textiles; contract embroidery	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Heads; needles; embroidery field; speed; control system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Single-head / multi-head / cap-capable - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Textile, Apparel & Fashion	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 11

PRINTING, PACKAGING & LABELING

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Offset printing machines	Digital printing machines	Flexographic machines
Gravure machines	Label printing machines	Commercial printing equipment
Cartons	Corrugated boxes	Paper bags
Plastic packaging	Flexible packaging	Food packaging
Pharmaceutical packaging	Cosmetic packaging	Industrial packaging
Glass packaging	Metal packaging	Eco-friendly packaging
Filling machines	Sealing machines	Labelling machines
Wrapping machines	Cartoning machines	Packaging lines

SUPPLIER OPPORTUNITY

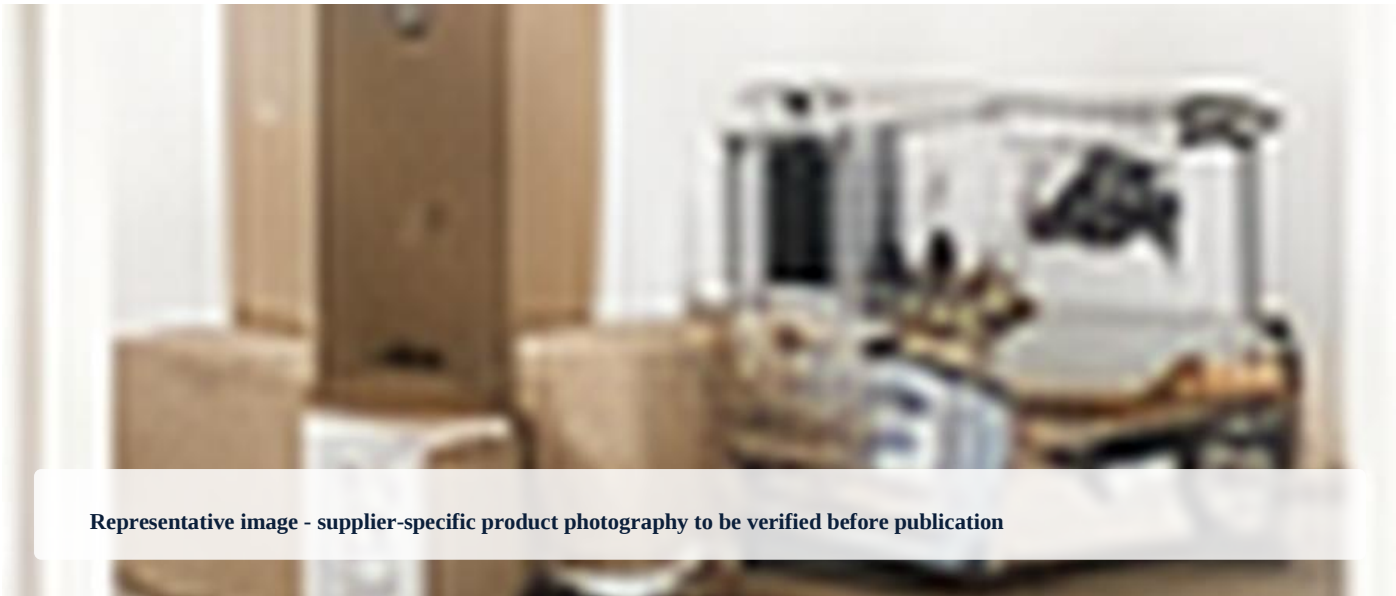

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-11-0001

Digital Printing Machine

Printing Equipment • PRINTING, PACKAGING & LABELING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

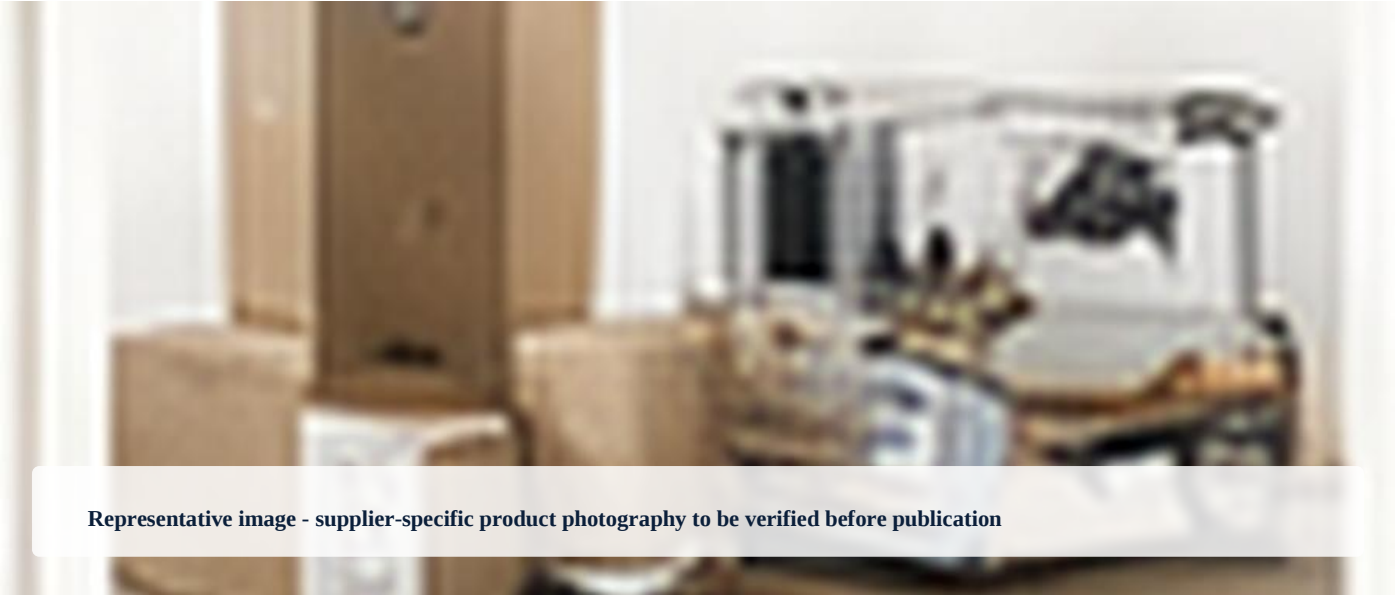

Commercial digital printing equipment for short-run, variable-data and on-demand production.

MAIN APPLICATIONS Commercial print; labels; promotional materials; publishing	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Print technology; width/format; resolution; speed; media compatibility - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Sheet-fed / roll-fed / application-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Printing, Packaging & Labeling	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-11-0002

Corrugated Packaging Boxes

Paper Packaging • PRINTING, PACKAGING & LABELING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

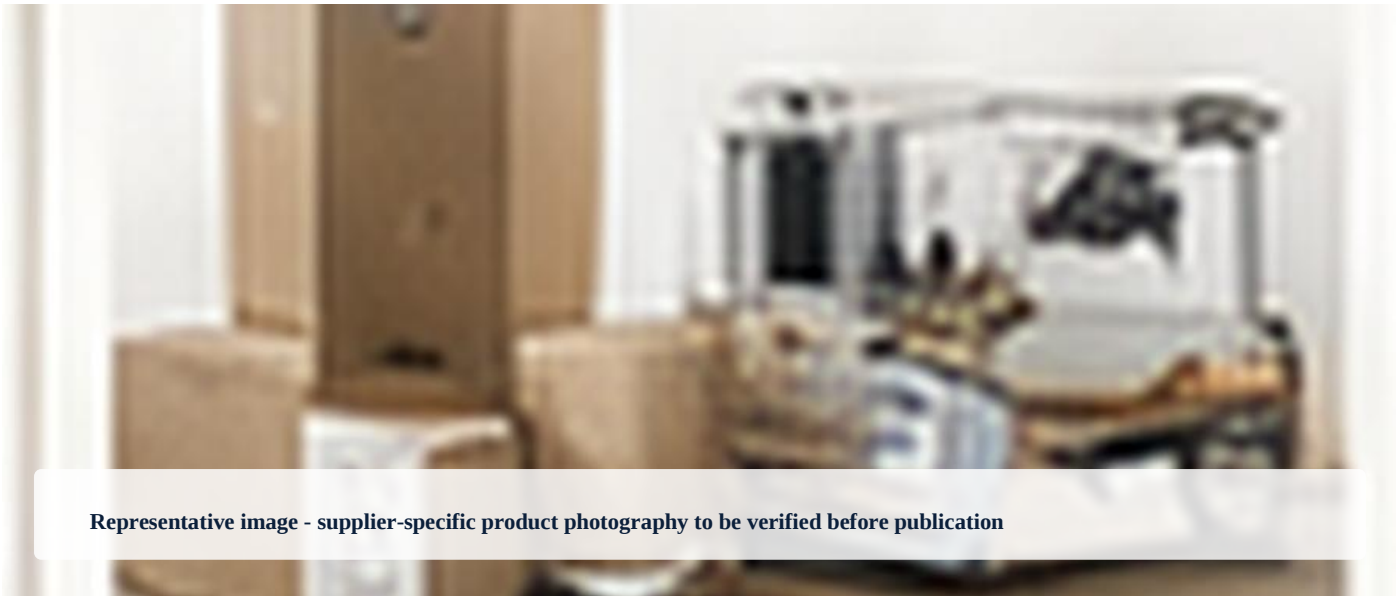

Corrugated carton solutions for industrial, retail, e-commerce and export packaging.

MAIN APPLICATIONS Shipping; retail; industrial packing; agriculture	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Board grade; flute; dimensions; print; load requirement - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Regular slotted / die-cut / custom printed - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Printing, Packaging & Labeling	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-11-0003

Automatic Filling Machine

Packaging Machinery • PRINTING, PACKAGING & LABELING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

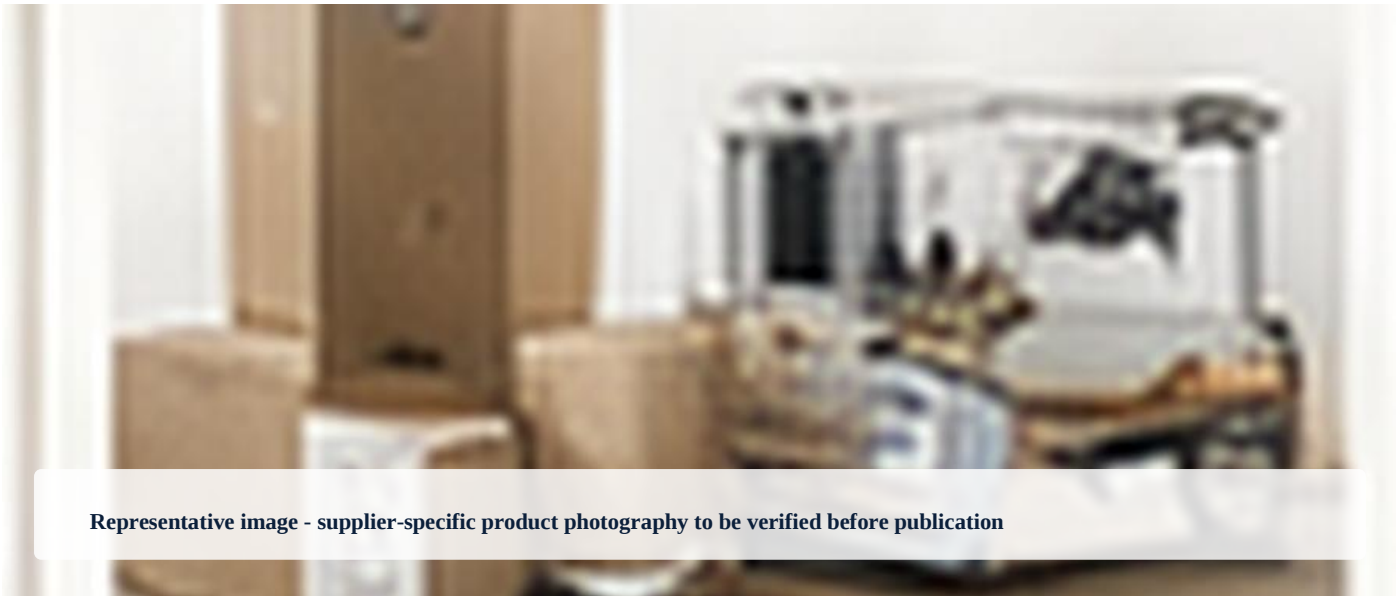

Filling equipment for liquid, semi-liquid or granular products depending on configuration.

MAIN APPLICATIONS Food; cosmetics; chemicals; pharma subject to compliance	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Product type; fill volume; speed; accuracy; contact materials - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Volumetric / piston / gravity / auger - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Printing, Packaging & Labeling	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-11-0004

Self-Adhesive Labels

Labels & Identification • PRINTING, PACKAGING & LABELING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Pressure-sensitive label solutions for product branding, logistics and regulatory information.

MAIN APPLICATIONS Food; beverages; cosmetics; pharmaceuticals; logistics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Face material; adhesive; size; print; finish - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Paper / film / thermal / specialty - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Printing, Packaging & Labeling	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 12

CHEMICALS & INDUSTRIAL CHEMICALS

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Industrial chemicals	Water treatment chemicals	Cleaning chemicals
Paint chemicals	Adhesives	Sealants
Industrial solvents	Petrochemical products	Construction chemicals
Textile chemicals	Food-grade ingredients	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

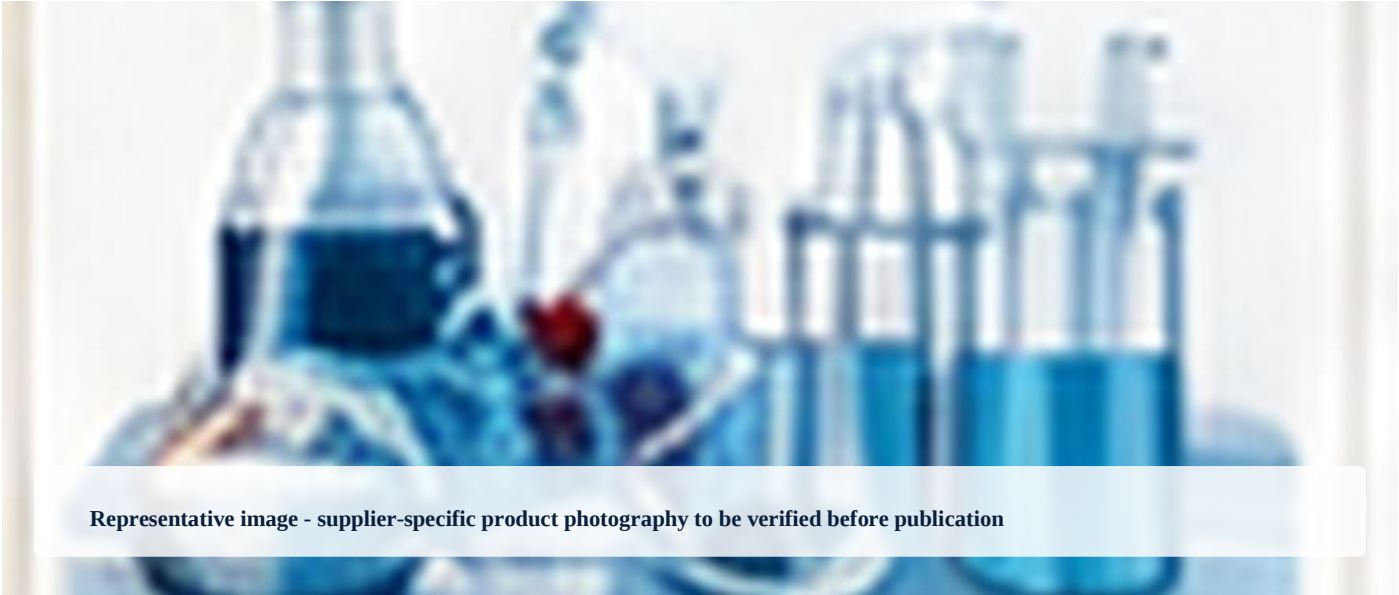

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

Hazardous or regulated chemicals require verification of applicable laws, SDS documentation, transport restrictions, storage conditions and import requirements.

CIF-12-0001

Water Treatment Chemicals

Water Treatment Chemicals • CHEMICALS & INDUSTRIAL CHEMICALS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

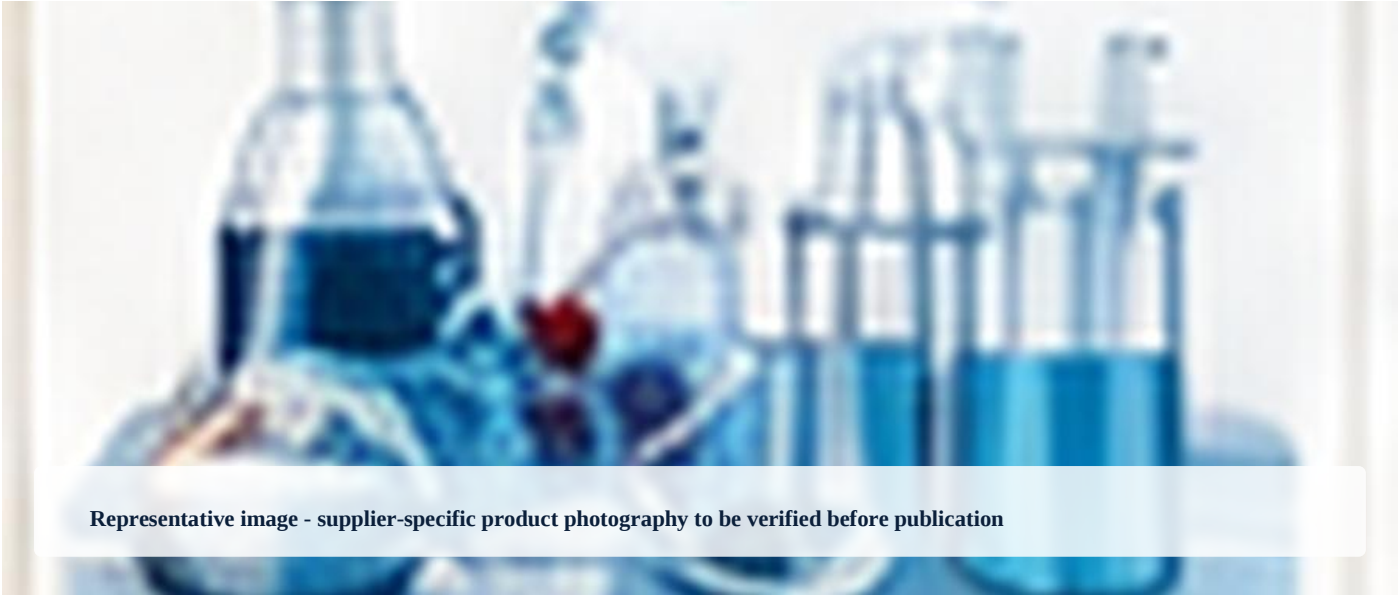

Chemical products used in controlled water and wastewater treatment processes.

MAIN APPLICATIONS Municipal water; industrial water; wastewater; RO pretreatment	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Chemical identity; concentration; grade; SDS; handling requirements - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Application-specific formulations - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Chemicals & Industrial Chemicals	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES
Hazardous or regulated chemicals require verification of applicable laws, SDS documentation, transport restrictions, storage conditions and import requirements.	

CIF-12-0002

Industrial Adhesives

Adhesives & Sealants • CHEMICALS & INDUSTRIAL CHEMICALS

SHORT DESCRIPTION

Industrial bonding products for manufacturing, construction, packaging and assembly.

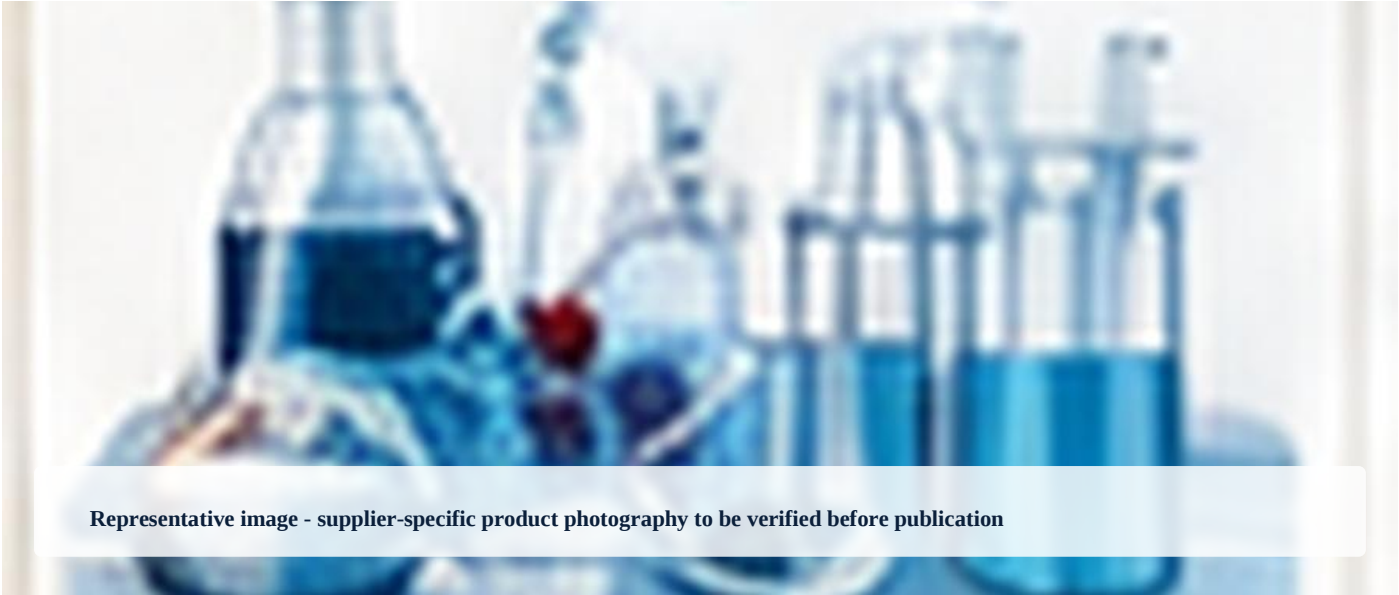

MAIN APPLICATIONS Construction; furniture; packaging; automotive; manufacturing	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Chemistry; cure method; viscosity; bond performance; packaging - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Epoxy / PU / acrylic / hot-melt / other - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Chemicals & Industrial Chemicals	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Hazardous or regulated chemicals require verification of applicable laws, SDS documentation, transport restrictions, storage conditions and import requirements.

CIF-12-0003

Industrial Cleaning Chemicals

Cleaning & Maintenance • CHEMICALS & INDUSTRIAL CHEMICALS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Cleaning formulations for industrial, institutional and commercial maintenance applications.

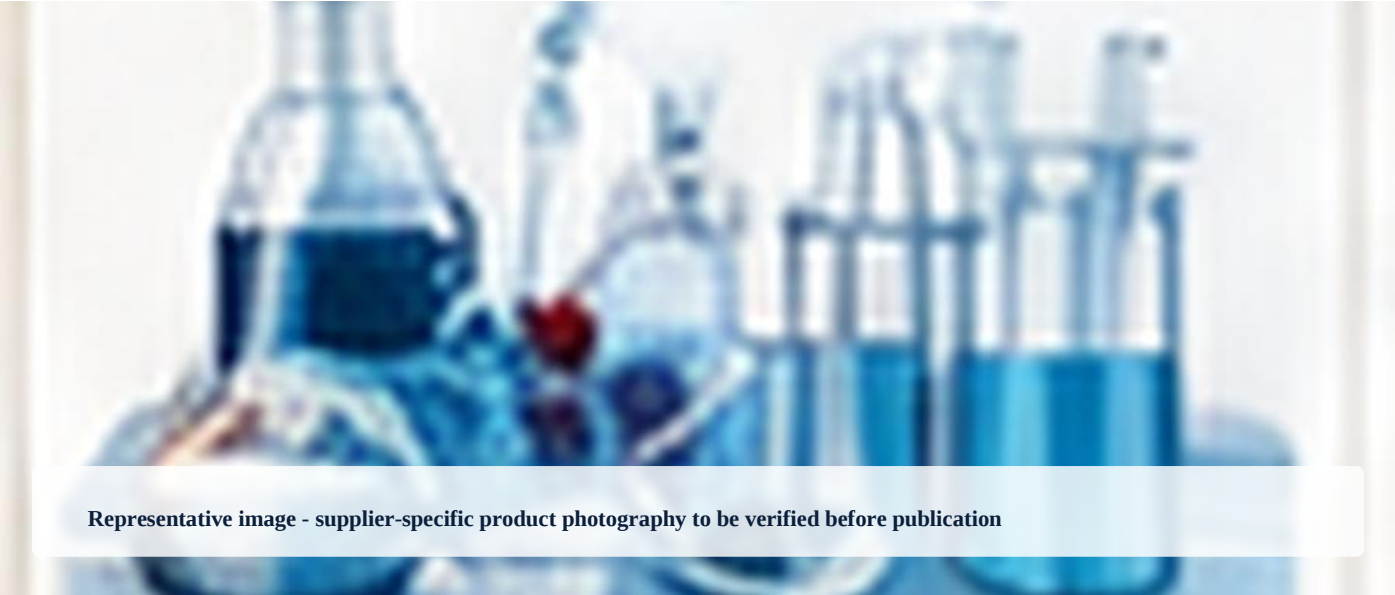

MAIN APPLICATIONS Factories; food plants; hospitality; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Chemistry; concentration; pH; application; safety data - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Degreasers / detergents / descalers / specialty - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Chemicals & Industrial Chemicals	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Hazardous or regulated chemicals require verification of applicable laws, SDS documentation, transport restrictions, storage conditions and import requirements.

CIF-12-0004

Construction Chemicals

Construction Chemicals • CHEMICALS & INDUSTRIAL CHEMICALS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Specialty chemical products supporting concrete performance, repair, waterproofing and finishing.

MAIN APPLICATIONS Concrete; repair; waterproofing; flooring; grouting	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Product chemistry; coverage; curing; performance class; storage - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Admixtures / grouts / repair mortars / coatings - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Chemicals & Industrial Chemicals	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Hazardous or regulated chemicals require verification of applicable laws, SDS documentation, transport restrictions, storage conditions and import requirements.

SECTOR 13

PLASTICS & RUBBER

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Plastic raw materials	Plastic sheets	Pipes
Bottles	Containers	Plastic packaging
Rubber products	Industrial rubber products	Seals
Gaskets	Tires	Plastic processing machinery
Injection molding machines		

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-13-0001

HDPE Pipe Systems

Plastic Pipes • PLASTICS & RUBBER

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Plastic piping systems for water, irrigation, utilities and selected industrial applications.

MAIN APPLICATIONS Water supply; irrigation; utilities; industrial fluids	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Material grade; diameter; pressure class; wall thickness; jointing - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Coils / straight lengths / fittings - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Plastics & Rubber	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-13-0002

Plastic Bottles & Containers

Rigid Packaging • PLASTICS & RUBBER

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Moulded plastic packaging for food, beverages, cosmetics, chemicals and household products.

MAIN APPLICATIONS Retail packaging; industrial packaging; personal care	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Polymer; capacity; neck finish; barrier; colour - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS PET / HDPE / PP / application-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Plastics & Rubber	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-13-0003

Industrial Rubber Gaskets

Seals & Gaskets • PLASTICS & RUBBER

SHORT DESCRIPTION

Sealing products for piping, machinery, automotive and industrial equipment.

MAIN APPLICATIONS Pumps; valves; engines; process equipment	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Elastomer; dimensions; hardness; temperature/chemical resistance - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Sheet-cut / moulded / custom profiles - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Plastics & Rubber	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-13-0004

Injection Molding Machine

Plastic Processing Machinery • PLASTICS & RUBBER

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Machine platform for production of moulded plastic components and packaging.

MAIN APPLICATIONS Packaging; housewares; automotive; industrial parts	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Clamping force; shot size; screw diameter; controls; energy system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Hydraulic / hybrid / electric - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Plastics & Rubber	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 14

AUTOMOTIVE & AUTO PARTS

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Cars	Commercial vehicles	Trucks
Buses	Motorcycles	Electric vehicles
Tires	Batteries	Engines
Filters	Brake components	Suspension components
Electrical components	Body parts	Automotive tools
Garage equipment	Grease	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-14-0001

Commercial Truck

Commercial Vehicles • AUTOMOTIVE & AUTO PARTS

SHORT DESCRIPTION

Commercial transport vehicle solution for freight, construction, distribution and logistics operations.

MAIN APPLICATIONS Freight; distribution; construction; logistics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS GVW; engine; drivetrain; axle configuration; body type - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Rigid / tractor head / tipper / cargo body - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Automotive & Auto Parts	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-14-0002

Motorcycle

Two-Wheel Vehicles • AUTOMOTIVE & AUTO PARTS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Motorcycle products for mobility, delivery, fleet and commercial applications.

MAIN APPLICATIONS Personal mobility; delivery; fleet; rural transport	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Engine/motor; displacement/power; transmission; brakes; tyres - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Commuter / cargo / electric / other - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Automotive & Auto Parts	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-14-0003

Automotive Tire

Tires • AUTOMOTIVE & AUTO PARTS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Vehicle tyre products for passenger, commercial, truck and specialist applications.

MAIN APPLICATIONS Cars; trucks; buses; fleets; logistics	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Size; load index; speed rating; tread; construction - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Passenger / truck-bus / off-road - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Automotive & Auto Parts	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-14-0004

Automotive Filter Set

Engine Maintenance Parts • AUTOMOTIVE & AUTO PARTS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Replacement filtration products for engine air, oil and fuel systems.

MAIN APPLICATIONS Vehicle maintenance; fleets; workshops; distributors	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Vehicle application; filter media; dimensions; efficiency - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Air / oil / fuel / cabin filters - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Automotive & Auto Parts	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 15

MINING & MINERAL PROCESSING

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Mining machinery	Crushers	Screening equipment
Conveyors	Drilling equipment	Mineral processing equipment
Laboratory equipment	Pumps	Safety equipment
Spare parts		

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-15-0001

Jaw Crusher

Crushing Equipment • MINING & MINERAL PROCESSING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Primary crushing equipment for mines, quarries, aggregates and mineral-processing plants.

MAIN APPLICATIONS Mining; quarrying; aggregates; construction materials	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Feed opening; capacity; motor power; discharge size; wear parts - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Stationary / mobile / skid-mounted - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Mining & Mineral Processing	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-15-0002

Vibrating Screen

Screening Equipment • MINING & MINERAL PROCESSING

SHORT DESCRIPTION

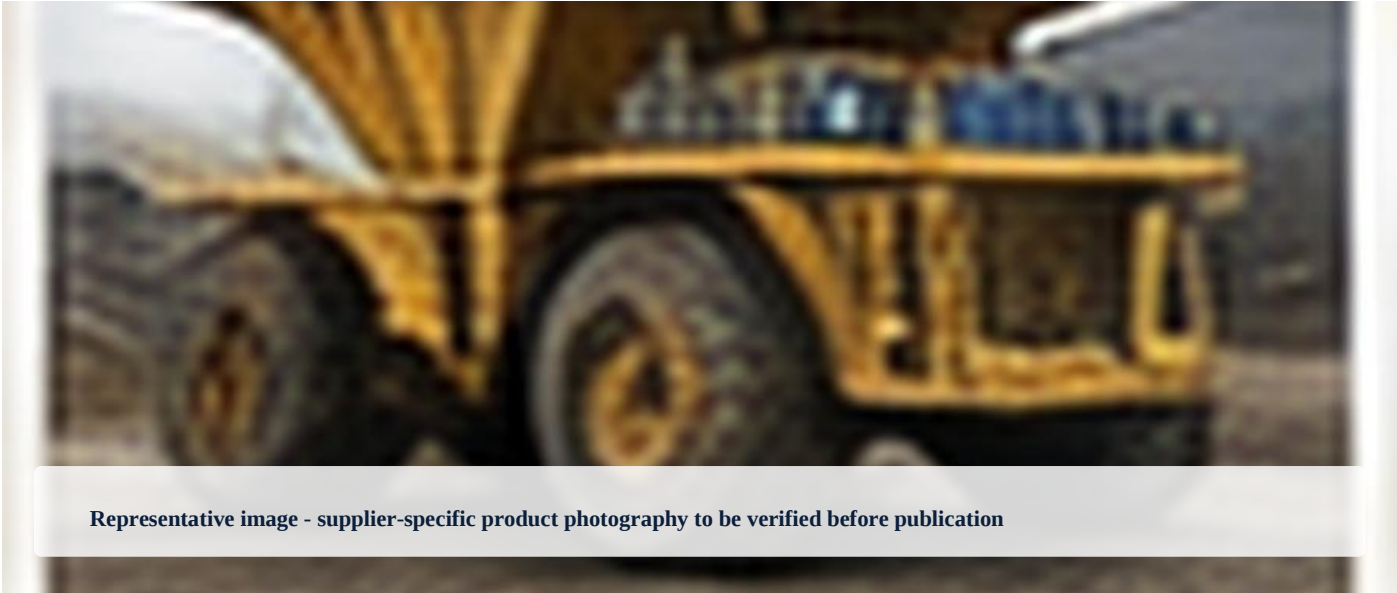

Screening equipment for separation and classification of aggregates and minerals.

MAIN APPLICATIONS Mining; quarry; sand; recycling	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Decks; screen area; aperture; capacity; drive - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Single / double / multi-deck - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Mining & Mineral Processing	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-15-0003

Mining Conveyor System

Material Handling • MINING & MINERAL PROCESSING

SHORT DESCRIPTION

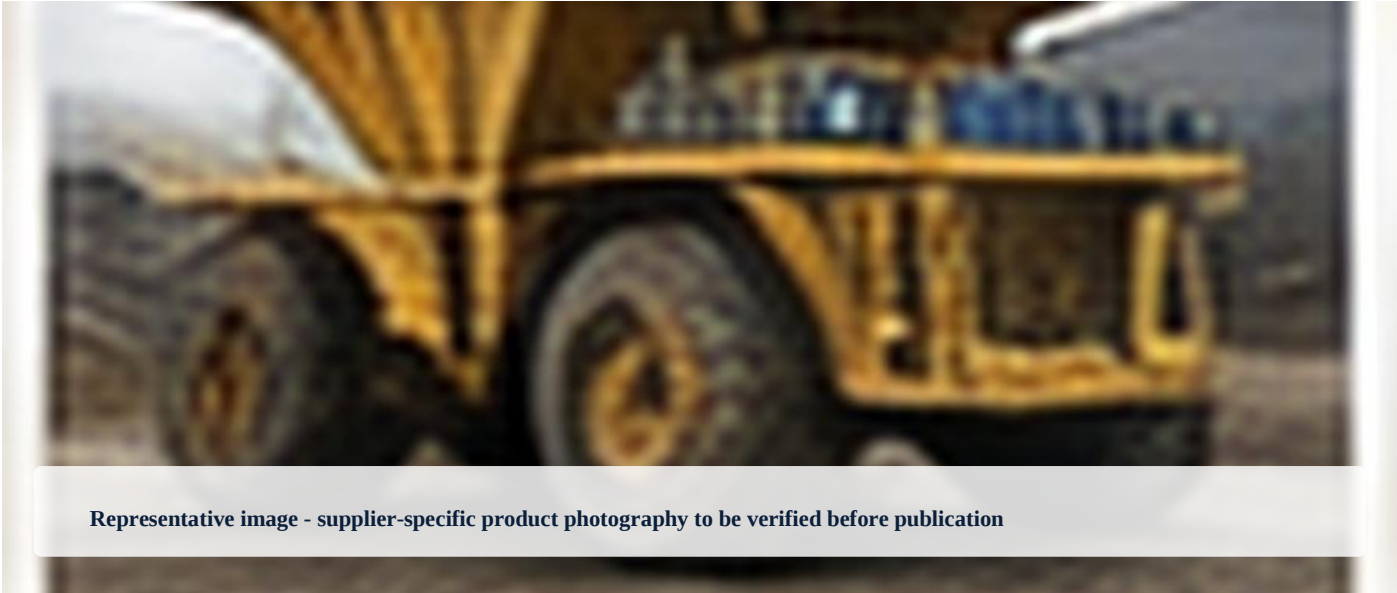

Bulk material conveyor systems for mine, quarry and processing operations.

MAIN APPLICATIONS Ore handling; aggregates; stockyards; processing plants	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Belt width; length; capacity; drive; idlers; structure - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Fixed / mobile / overland / radial - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Mining & Mineral Processing	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-15-0004

Mining Slurry Pump

Mining Pumps • MINING & MINERAL PROCESSING

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Heavy-duty pump solutions for abrasive slurry and mineral processing services.

MAIN APPLICATIONS Mineral processing; tailings; dewatering; slurry transfer	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Flow; head; solids concentration; materials; seal - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Horizontal / vertical / submersible - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Mining & Mineral Processing	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 16

WATER & ENVIRONMENTAL TECHNOLOGY

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Water treatment plants

Wastewater treatment

RO systems

Filtration systems

Pumps

Water tanks

Desalination systems

Waste management

Recycling equipment

Environmental monitoring systems

SUPPLIER OPPORTUNITY

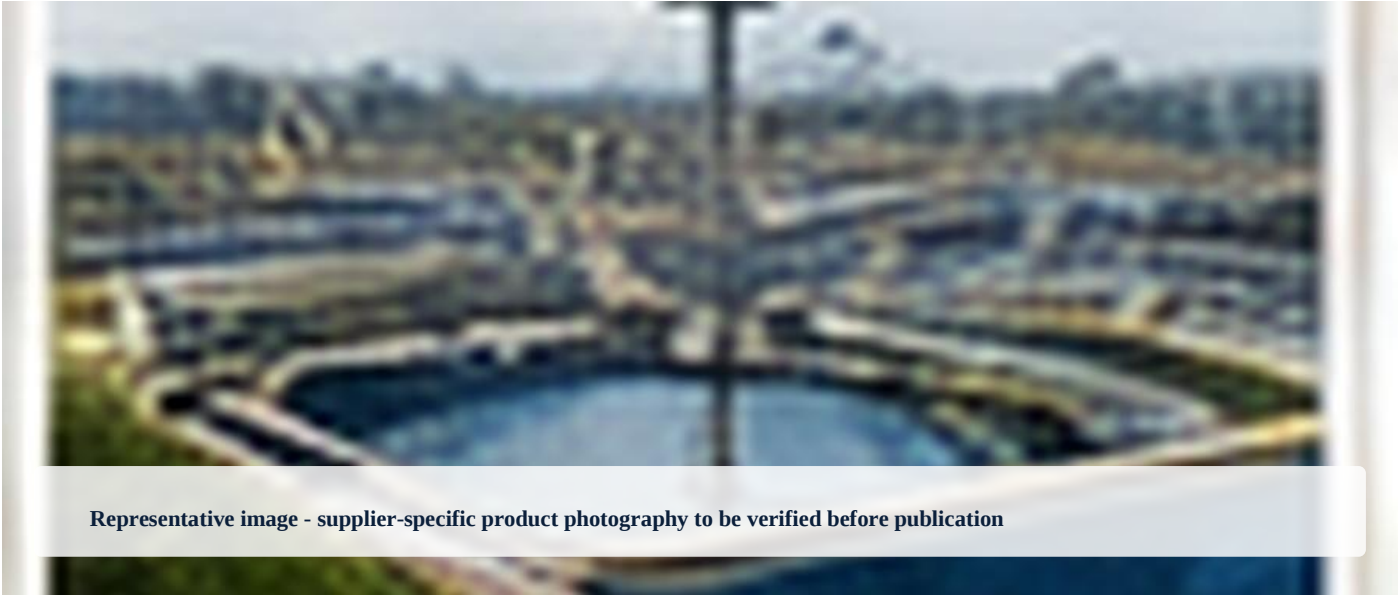

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-16-0001

Reverse Osmosis Water Treatment Plant

Water Treatment Systems • WATER & ENVIRONMENTAL TECHNOLOGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

RO-based treatment system for potable, industrial and process-water applications.

MAIN APPLICATIONS Drinking water; industry; hospitality; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Feed quality; output capacity; recovery; membranes; pretreatment - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Skid-mounted / containerized / project-specific - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Water & Environmental Technology	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-16-0002

Wastewater Treatment Plant

Wastewater Systems • WATER & ENVIRONMENTAL TECHNOLOGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Treatment solution for municipal, commercial and industrial wastewater projects.

MAIN APPLICATIONS Municipal; factories; hotels; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Influent characteristics; capacity; process; discharge target; automation - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Packaged / modular / civil-works-based - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Water & Environmental Technology	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-16-0003

Water Storage Tank

Water Storage • WATER & ENVIRONMENTAL TECHNOLOGY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

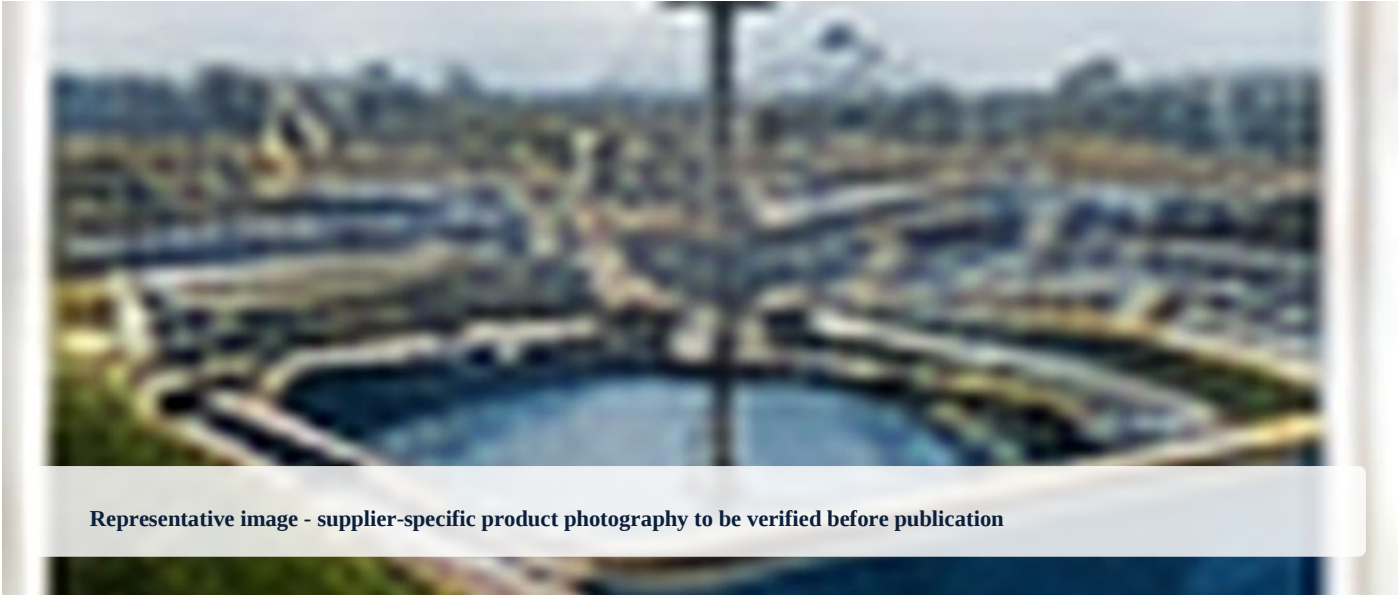

Storage systems for potable water, process water, firefighting and utility applications.

MAIN APPLICATIONS Municipal; commercial; industrial; agriculture	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Capacity; material; coating; installation; fittings - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Steel / sectional / plastic / GRP - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Water & Environmental Technology	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-16-0004

Recycling Sorting Line

Recycling Equipment • WATER & ENVIRONMENTAL TECHNOLOGY

SHORT DESCRIPTION

Material recovery and sorting equipment for recycling and waste-management facilities.

MAIN APPLICATIONS Municipal waste; plastics; packaging; industrial waste	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Feed type; throughput; separation technology; automation - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Manual / semi-automatic / automated - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Water & Environmental Technology	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

SECTOR 17

LOGISTICS, CARGO & SUPPLY CHAIN

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Air freight	Sea freight	Land transportation
Containers	Warehousing	Cold chain
Logistics equipment	Forklifts	Pallet systems
Warehouse systems	Packaging	Tracking systems
Supply chain software	Customs support	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-17-0001

Sea Freight Service

International Freight • LOGISTICS, CARGO & SUPPLY CHAIN

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Ocean cargo coordination for containerized, project and general merchandise shipments.

MAIN APPLICATIONS

Import-export; project cargo; commercial supply chains

TECHNICAL SPECIFICATIONS

Route; cargo type; Incoterms; container type; transit requirements - To be confirmed

AVAILABLE VARIANTS

FCL / LCL / project cargo - To be confirmed

TYPICAL MATERIALS

Supplier to declare verified material composition, grades and applicable standards - To be confirmed

PACKAGING / UNIT

Export packaging, unit configuration and labelling - To be confirmed by supplier

POTENTIAL BUYER

Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product

TARGET INDUSTRY

Logistics, Cargo & Supply Chain

POSSIBLE EXPORT MARKETS

Africa and other international markets, subject to buyer requirements and applicable regulations

MANUFACTURER / SUPPLIER TYPE

Manufacturer / exporter / authorised distributor / technology provider - To be confirmed

OEM AVAILABLE

To be confirmed

CIF-17-0002

Air Freight Service

International Freight • LOGISTICS, CARGO & SUPPLY CHAIN

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Time-sensitive international air-cargo coordination for commercial shipments.

MAIN APPLICATIONS

Urgent cargo; samples; spare parts; high-value goods

TECHNICAL SPECIFICATIONS

Origin/destination; chargeable weight; commodity; service level - To be confirmed

AVAILABLE VARIANTS

Airport-airport / door-airport / door-door - To be confirmed

TYPICAL MATERIALS

Supplier to declare verified material composition, grades and applicable standards - To be confirmed

PACKAGING / UNIT

Export packaging, unit configuration and labelling - To be confirmed by supplier

POTENTIAL BUYER

Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product

TARGET INDUSTRY

Logistics, Cargo & Supply Chain

POSSIBLE EXPORT MARKETS

Africa and other international markets, subject to buyer requirements and applicable regulations

Warehouse Racking System

Warehouse Systems • LOGISTICS, CARGO & SUPPLY CHAIN

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

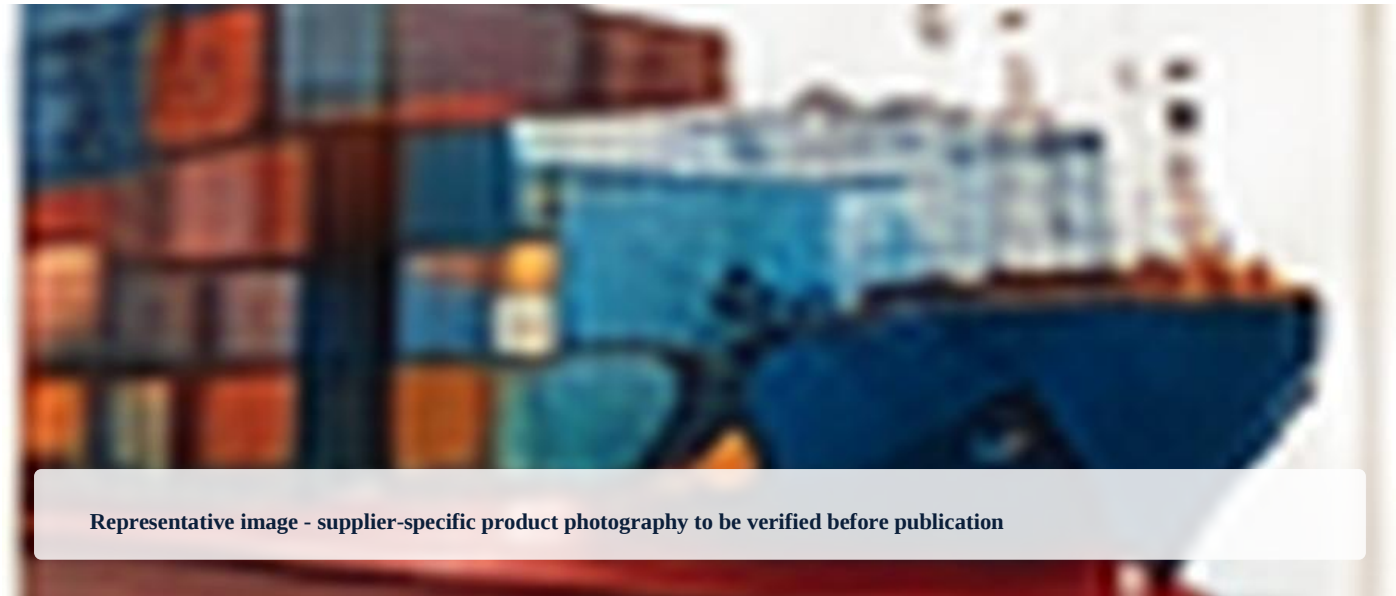

Storage racking solutions for distribution centres, industrial warehouses and logistics hubs.

MAIN APPLICATIONS Pallet storage; distribution; manufacturing; cold stores	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Load capacity; bay dimensions; height; layout; finish - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Selective / drive-in / cantilever / shelving - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Logistics, Cargo & Supply Chain	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed

SECTOR 18

INFORMATION TECHNOLOGY & DIGITAL SOLUTIONS

Product categories sought by CIFACI clients, partners and sourcing activities.

CATEGORY UNIVERSE

Computers	Servers	Networking equipment
Cloud solutions	ERP	CRM
Cybersecurity	Artificial intelligence	IoT
Software development	Data centres	Telecom equipment
Fibre optics	4G/5G equipment	FinTech
Digital payment solutions	Smart city solutions	

SUPPLIER OPPORTUNITY

CIFACI is seeking manufacturers, exporters, distributors and technology companies capable of supplying this category to international markets.

Capability areas: manufacturing • export experience • production capacity • OEM/private label • verified certifications • target markets • after-sales support

CIF-18-0001

Enterprise Server

Servers & Data Centre • INFORMATION TECHNOLOGY & DIGITAL SOLUTIONS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Server hardware platform for enterprise applications, virtualization and data-centre workloads.

MAIN APPLICATIONS ERP; databases; virtualization; cloud; business systems	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Processor; memory; storage; redundancy; network interfaces - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Rack / tower / scalable configurations - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Information Technology & Digital Solutions	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-18-0002

Enterprise Network Switch

Networking Equipment • INFORMATION TECHNOLOGY & DIGITAL SOLUTIONS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Managed network switching equipment for business, campus and data-centre connectivity.

MAIN APPLICATIONS Offices; campuses; data centres; telecom networks	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Port count; speed; PoE; uplinks; management features - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Access / aggregation / core - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Information Technology & Digital Solutions	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider - To be confirmed	CIFACI SUPPLIER OPPORTUNITY YES

CIF-18-0003

ERP Business Management Solution

Enterprise Software • INFORMATION TECHNOLOGY & DIGITAL SOLUTIONS

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Integrated software platform for finance, inventory, sales, procurement, HR and operational workflows.

MAIN APPLICATIONS Manufacturing; distribution; services; institutions	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Modules; deployment; users; integrations; localization - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Cloud / on-premise / hybrid - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed

Oil, gas and energy products must be supplied and used subject to applicable laws, technical standards, certifications and safety regulations.

CIF-25-0003

Oilfield Pump Package

Oilfield Equipment • OIL, GAS & ENERGY INDUSTRY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Pump packages for fluid transfer and selected oilfield or energy-service applications.

MAIN APPLICATIONS Energy facilities; terminals; process systems	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Fluid; flow; head; materials; driver; seal system - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Skid-mounted / electric / engine-driven - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Oil, Gas & Energy Industry	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Oil, gas and energy products must be supplied and used subject to applicable laws, technical standards, certifications and safety regulations.

CIF-25-0004

Industrial Gas Compressor

Gas Equipment • OIL, GAS & ENERGY INDUSTRY

Representative image - supplier-specific product photography to be verified before publication

SHORT DESCRIPTION

Compression equipment for industrial gas and energy applications subject to project requirements.

MAIN APPLICATIONS Gas handling; process plants; utilities; energy projects	OEM AVAILABLE To be confirmed
TECHNICAL SPECIFICATIONS Gas composition; flow; pressure; stages; driver - To be confirmed	PRIVATE LABEL To be confirmed
AVAILABLE VARIANTS Reciprocating / screw / centrifugal - To be confirmed	MINIMUM ORDER QUANTITY To be confirmed
TYPICAL MATERIALS Supplier to declare verified material composition, grades and applicable standards - To be confirmed	CERTIFICATIONS Only verified certificates accepted - To be confirmed
PACKAGING / UNIT Export packaging, unit configuration and labelling - To be confirmed by supplier	HS CODE To be confirmed after exact product and specification validation
POTENTIAL BUYER Importers, distributors, project owners, institutions, wholesalers and/or industrial users depending on the product	ORIGIN To be confirmed
TARGET INDUSTRY Oil, Gas & Energy Industry	PRICE Upon request / To be confirmed
POSSIBLE EXPORT MARKETS Africa and other international markets, subject to buyer requirements and applicable regulations	SUPPLY CAPACITY To be confirmed
MANUFACTURER / SUPPLIER TYPE Manufacturer / exporter / authorised distributor / technology provider -	CIFACI SUPPLIER OPPORTUNITY YES

Oil, gas and energy products must be supplied and used subject to applicable laws, technical standards, certifications and safety regulations.

Call for Manufacturers & Exporters

CIFACI is seeking qualified manufacturers, exporters, industrial companies, technology companies and brands capable of supplying products and solutions requested by our international business network.

Our objective is to connect manufacturers with qualified business opportunities, importers, distributors, project developers, institutional buyers and commercial partners.

If your Chamber of Commerce represents companies manufacturing any of the products listed in this catalogue, CIFACI would welcome the opportunity to receive their company profiles, product catalogues and export capabilities.

WHAT WE WANT TO RECEIVE

- | | |
|-------------------------------------|---------------------------------------|
| ✓ Company profile | ✓ Product catalogue |
| ✓ Verified certifications | ✓ Manufacturing and export capability |
| ✓ OEM / private-label capability | ✓ Target export markets |
| ✓ Production capacity and lead time | ✓ After-sales and warranty policy |

25 Company Profile

B2B Matchmaking

Structured introductions between buyers, suppliers and commercial partners.

1. REQUIREMENT

Capture buyer specification, quantity range, destination, commercial terms and compliance needs.

2. SUPPLIER SCREENING

Identify potential suppliers and collect company profiles, catalogues and verified capabilities.

3. MATCHING

Compare product fit, commercial capability, export readiness and target-market relevance.

4. MEETING

Organize buyer-supplier discussions, presentations, samples or technical clarification.

5. COMMERCIAL FOLLOW-UP

Support next steps including quotations, due diligence, logistics and partnership discussions.

Trade Missions & Business Delegations

CIFACI can facilitate structured business delegations designed around sectors, sourcing objectives, investment themes or market-entry priorities.

- Supplier and factory visits
- B2B meetings
- Chamber of Commerce engagement
- Industrial park visits
- Trade fair participation
- Distributor meetings
- Investment presentations
- Logistics and market briefings
- Commercial follow-up after the mission

Mission planning principle

Travel, visas, commercial appointments, factory access, interpretation, transport and other services depend on destination, availability and partner confirmation. Each mission is scoped separately.

Logistics, Cargo & Supply Chain Facilitation

AIR FREIGHT

Time-sensitive commercial cargo and samples.

SEA FREIGHT

FCL, LCL and project cargo coordination.

LAND TRANSPORT

Regional and domestic cargo movement.

WAREHOUSING

Storage, handling and distribution connections.

COLD CHAIN

Temperature-controlled logistics partnerships.

CUSTOMS SUPPORT

Connection with competent customs and compliance professionals.

TRACKING

Visibility and shipment-management solutions.

PACKAGING

Export packaging and handling support through qualified partners.

Investment Opportunities

Facilitating dialogue around industrial, commercial and infrastructure opportunities.

- Industrial manufacturing projects
- Agro-processing projects
- Renewable energy projects
- Warehousing and logistics parks
- Healthcare infrastructure
- Hospitality and tourism developments
- Real estate and industrial parks
- Technology and digital infrastructure
- Water and environmental projects
- Distribution and market-entry ventures

INVESTMENT FACILITATION - NOT INVESTMENT ADVICE

CIFACI may support introductions, market information, partner identification and commercial coordination. Investors remain responsible for their own legal, financial, technical, tax and regulatory due diligence.

Partnership Opportunities

SUPPLIER PARTNER

Supply verified products competitively and reliably.

MANUFACTURING PARTNER

Provide production capability for local or international demand.

OEM PARTNER

Manufacture products to buyer or brand specifications, subject to agreement.

PRIVATE LABEL PARTNER

Support buyer branding where capability and compliance are verified.

DISTRIBUTION PARTNER

Develop market coverage and commercial channels.

TECHNOLOGY PARTNER

Provide industrial, digital or infrastructure technologies.

STRATEGIC PARTNER

Build long-term cross-market business cooperation.

CIFACI NETWORK MEMBER

Participate in business opportunities, missions and B2B activities.

Cooperation with Chambers of Commerce & Industry

A practical pathway for connecting member companies with sourcing and market-access opportunities.

CIFACI invites Chambers of Commerce, Chambers of Industry, Export Promotion Councils, manufacturers' associations and trade agencies to share information on qualified member companies capable of supplying products listed in this catalogue. CIFACI can structure sector-specific introductions, catalogue exchanges, supplier shortlists, business delegations, B2B meetings and market-entry discussions.

- Share verified company profiles and product catalogues
- Nominate export-ready manufacturers
- Coordinate virtual or physical B2B meetings
- Develop sector-focused supplier databases
- Support trade missions and delegation programmes
- Facilitate manufacturer-buyer introductions
- Promote verified technologies and industrial capabilities
- Explore joint forums, seminars and business events
